

SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT

NOTICE OF RESCHEDULED PUBLIC WORKSHOP

NOTICE IS HEREBY GIVEN that a public workshop will be held to present, discuss, and receive comments on the proposed amendments to Rule 2020 (Exemptions).

The public workshop will be presented in-person in Fresno, via Video Teleconferencing (VTC), and Webcast at the following time and locations:

October 21, 2014 (Tuesday)
1:30 PM

In-person: Fresno

VTC: Bakersfield & Modesto Offices

Webcast link available at http://www.valleyair.org/Workshops/public_workshops_idx.htm

Note: The workshop for Rule 2020 originally scheduled for October 14, 2014, has been rescheduled to the new date above.

Fresno: VTC Room, SJVUAPCD Office, 1990 E. Gettysburg Avenue

Bakersfield: VTC Room, SJVUAPCD Office, 34946 Flyover Court

Modesto: VTC Room, SJVUAPCD Office, 4800 Enterprise Way

Webcast participants can email written comments or questions during the session to WebCast@valleyair.org. The District recommends that you do not run other programs while viewing the webcast, as it may interrupt or lower the quality of the signal.

The District is proposing to amend Rule 2020 (Exemptions) to align our permitting program with California's Air Resources Board (ARB) Portable Equipment Registration Program (PERP) by allowing certain registered portable engines to be used at stationary sources during unforeseen interruptions of electrical power from the serving utility, repair and maintenance, and short-term electrical upgrade operations. Additionally, amendments would exempt currently permitted heavy oil tanks at small producers (which are also exempt from Rule 4623 controls), maintain current exemption levels resulting from recently adopted NSPS and NESHAP requirements, and update various source test methods.

The related documents will be available by October 7, 2014. You will be able to download the documents from the District's website at:
