The District is proposing to amend fee rules under Regulation III to cover rising costs. Each year, the District works to offset significant cost and workload increases through implementation of streamlining and efficiency measures. Only three times in the 25 years since the District's inception have the fee schedules been adjusted across the board.

The District is currently proposing amendments to Rules 3010, 3020, 3030, 3040, 3050, 3060, 3070, 3110, 3120, 3135, 3140, 3147, 3150, 3155, 3160, 3180, 3190, and 3901 to increase fees by approximately 5.0% per year for two years. The proposal will be detailed in documents made available by January 31, 2018.

You will be able to download the related documents from the District's website at:
