Re: Final Revised Offset Equivalency Report, August 2014 – August 2015

Dear Ms. Jordan:

As required by the District's New Source Review Rule, the District completed an annual offset equivalency report for the twelve-month period from August 20, 2014 to August 19, 2015 and forwarded it to your office on November 17, 2015.

During subsequent review of that report, it was discovered that the quantity of PM_{2.5} offsets required under the District NSR program, 13.1 tons per year, was entered into the incorrect column, causing errors in the subsequent columns. The original submittal has been revised to reflect the correct PM_{2.5} values in the attached "Final Revised Annual Offset Equivalency Report". These revisions do not affect the District's original findings of equivalency and no other changes were made to the report. The attached report replaces the November 17, 2015 report in its entirety.

Please call me at (559) 230-5900 if you have any questions regarding this matter, or if you need additional details.

Sincerely,

Arnaud Marjolle
Director of Permit Services

cc: Tung Le, CARB

Attachment B: List of Projects of Interest

Projects of Interest

During this reporting period, there were sixty (60) projects of interest, being projects that were either a New Major Source or a Federal Major Modification, per District Rule 2201, New and Modified Stationary Source Review Rule. Each project is listed below, along with a brief discussion as to why it is, or is not, a trackable project for this report.

Projects Included in this Year Tracking System

Authorities to Construct (ATCs) for the following fifty-nine (59) Federal Major Modifications were issued by the Air District during this reporting period, and are therefore included in this report as trackable projects:

	Facility	Project #
1.	Alon Bakersfield Refining	S-1134224
2.	Kern Oil & Refining Co.	S-1144438
3.	Bear Creek Winery	N-1133555

59.	Tracy Renewable Energy, LLC <i>(This project created a new Major Source.)</i>	N-1132068

Projects Not Included in this Year Tracking System

ATCs for the following New Major Source were previously issued by the Air District, but have not been entered into the tracking system:

Hydrogen Energy California, LLC (Project S-1121903). The Air District issued its Final Determination of Compliance during the 2010-2011 reporting period, but Hydrogen Energy California has not received their license from the California Energy Commission (CEC), and therefore cannot start construction.

Project Reductions Put Back Into the Tracking System

ATCs for Avenal Power Center project (Project C-1080386, a major PSD source), were issued during the 2010-2011 reporting period. The project was never implemented and their CEC license has expired. Therefore, the reductions applied to this project have been added back into the tracking system. Additionally, their CEC license to become a minor-PSD source (Project C-1100751) has expired and this project has been removed from the tracking system. No reductions were applied to this project.

ATCs for GWF Energy LLC - Henrietta (Project C-1083176) were issued during the 2008-2009 reporting period; however, that project was never implemented and the ATCs expired and were cancelled. Therefore, the reductions applied to this project have been added back into the tracking system.

ATCs for GWF Energy LLC (Project C-1083169) were issued during the 2009-2010 reporting period; however, that project was never implemented and the ATCs expired and were cancelled. Therefore, the reductions applied to this project have been added back into the tracking system.

ATCs for CBUS Ops (dba Mission Bell Winery) (Project C-1083159) were issued during the 2010-2011 reporting period; however, that project was never implemented and the ATCs expired and were cancelled. Therefore, the reductions applied to this project have been added back into the tracking system.

ATCs for Chevron USA (Project C-1123349) were issued during the 2012-2013 reporting period; however, that project was never implemented and the ATCs expired and were cancelled. Therefore, the reductions applied to this project have been added back into the tracking system.

ATCs for Chevron USA (Project S-1124301) were issued during the 2012-2013 reporting period; however, that project was never implemented and the ATCs were cancelled at the operator's request. Therefore, the reductions applied to this project have been added back into the tracking system.

ATCs for California Resources Elk Hills, LLC (Project S-1131243) were issued during the 2012-2013 reporting period; however, that project was never implemented and the ATCs were cancelled at the operator's request. Therefore, the reductions applied to this project have been added back into the tracking system.
