RETAILER INFO

PHOTOS

Applicants may visit any retailer participating in the Burn Cleaner program and are not required to choose a retailer at the time of application. If you are working with a retailer, please provide their information below. The District may contact the retailer you listed below regarding your application.

Retailer Name Sales Representative

Two pre-installation photos are required with this application.

Photo 1 - Must show the inside of the unmodified device/hearth, with all doors/screens open.

Photo 2 - Must be taken from floor to ceiling to show the old device/hearth with all original parts intact and surrounding structures.

See Voucher Guidelines for more information.

Photo Samples (DO NOT FAX)

to 1 Pho

By signing this application, I certify that I have read, understand and will adhere to the Burn Cleaner Program Voucher Guidelines and agree to all the following:

- I understand that self-installation is not allowed and the installation of the new device must be conducted by the contracted retailer; a third-party contractor under the approval and supervision of the retailer; or by a certified technician that is pre-approved by the District.
- I understand that submission of this voucher application **does not guarantee** incentive funding for the new device.
- I understand that it is my responsibility to verify that the new device is eligible under the program guidelines. New wood or pellet devices must be on the current list of EPA Certified Wood Heaters and new gas fireplaces must meet ANSI z21.88/CSA2.33.
- I will be removing an operable old device or modifying an open hearth fireplace at the device address specified on this voucher application.
- If applicable, I agree to surrender my old device to a licensed recycling/dismantling facility or to the participating retailer to dispose of at a licensed recycling/dismantling facility within **90 days** of installation of the new device. If I undertake the responsibility of disposing my old device, I agree to submit a dated receipt and certification from the dismantler/recycler that my old device will be permanently destroyed.
- I understand that if I install the new device in a location other than what is identified in the pre-installation photos at the device address, I must first contact District staff to receive approval and I must still render the old device permanently inoperable. At the time of claim, where I will be seeking reimbursement for the completion of my project, I will be required to provide additional documentation, such as additional photos, to confirm that the location of the old device can no longer service a wood-burning device.
- I understand that the selection of a Burn Cleaner retailer is completely my choice and the District does not endorse, or is not in partnership with any Burn Cleaner program retailers or installers and any such issues arising from the purchase or installation of the new device is between the applicant and the retailer or installer. The District will not be held liable for any circumstances or events that occur between the applicant and retailer or installer. Participating retailers are independent contractors; they are not officers, representatives, agents, servants, employees, partners, associates, etc. of the District.
- I understand that this is a reimbursement program and I will not be reimbursed until the new unit is paid in full, completely installed, and a complete Claim for Payment packet is submitted to the District. For low-income applicants who are eligible for the Instant Reduction option, please see page 2 of the Voucher Guidelines for payment processing.
- I have not made any non-refundable payments towards the purchase of the new device or disassembled my old device, and will not install the new device until I have received an approved voucher from the District.

RENTAL PROPERTY OWNER & TENANT APPROVAL

Rental property owners and tenants are eligible to apply for the Valley Air District's Burn Cleaner Program. This form must be completed by both the rental property owner and primary tenant, and submitted with the required documents to be considered for a voucher. Please be sure to check the appropriate boxes on the Voucher Application regarding the Applicant Status and Applicant Type.

This form is only required to be completed and submitted if:

- You are the primary tenant who will be purchasing an eligible new device regardless of the type of application you will be submitting, Standard or Low-Income.
- You are the rental property owner who will be purchasing an eligible new device under the Low-Income application. If you are a rental property owner and will be submitting a Standard application, you are not required to complete and submit this form.

REQUIRED

In addition to this form, please submit the following:

Lease Agreement Copy of the complete signed lease agreement between the property owner and occupying

tenant with a minimum of six (6) months remaining from the date of the application submittal.

If you cannot provide this documentation, please contact program staff.

Proof of Residence Most recent utility bill (electricity, cable/satellite, water/garbage, etc.)

By signing this form, the rental property owner and the tenant agree to replace the existing, higher-polluting residential burning device located at the device address identified on the application with an eligible new cleaner burning device according to the Program guidelines, and agree to the following:

- 1. Tenant agrees to provide supporting documentation, as needed by the District, to determine low-income eligibility. If the rental property owner is applying under the Low-income application, the tenant has the option to submit supporting documentation such as income verification directly to the District in lieu of providing it to the rental property owner.
- 2. The rental property owner shall keep the new device obtained through the Burn Cleaner Program in the rental property in which it is installed, unless it is otherwise required to be removed for, but not limited to, safety or regulatory reasons as deemed appropriate by the District. The device shall become the property of the rental property owner, not the tenant or the District.
- 3. The rental property owner shall not raise the rent or evict the tenant because of the increased value of the rental property due solely to the installation of the new hearth device funded by the District.
- 4. The rental property owner and the tenant agree that payment of the incentive funding provided through the Program shall be made to the party that purchased the new hearth device.
