

Tune In Tune Up participants who have been determined to be qualified for EFMP and Plus Up funding by authorized District representatives are eligible for the following incentives based on income limits, type of vehicle purchased, and residential status in a disadvantaged community.

Table 1 - Eligibility for EFMP or Plus Up is based on the following household income limits.

Persons in family/household	Percent of Federal Poverty Level		
	225%	300%	400%
1	\$26,730	\$35,640	\$47,520
2	\$36,045	\$48,060	\$64,080
3	\$45,360	\$60,480	\$80,640
4	\$54,675	\$72,900	\$97,200
5	\$63,990	\$85,320	\$113,760
6	\$73,305	\$97,740	\$130,320
7	\$82,642	\$110,190	\$146,920
8	\$92,002	\$122,670	\$163,560

For families/households with more than 8 persons, add \$4,160 for each additional person.

If income qualified and eligible for EFMP funds the table below illustrates the incentives available per income level and type of vehicle purchased.

Table 2: Maximum incentive funds for EFMP purchases

Enhanced Fleet Modernization Program Incentives				
Income Eligibility	Vehicle Type			
	8 year old or newer *	35+ MPG (Combined)	Plug-In Hybrid and Zero-Emission Vehicle	Alternative Transportation Mobility Options
Low Income ≤225% Federal Poverty	\$4,000	\$4,500	\$4,500	\$4,500 Face Value
Moderate Income ≤300% Federal Poverty	Not Available	\$3,500	\$3,500	\$3,500 Face Value
Above Moderate Income ≤400% Federal Poverty	Not Available	Not Available	\$2,500	\$2,500 Face Value

*Must meet fuel economy requirements detailed in Table 3 below

Table 3: Fuel Economy Rating Requirements for EFMP

Model Year	Minimum U.S. EPA Combined Fuel Economy Rating	Minivans Minimum U.S. EPA combined Fuel Economy Rating
2006-2009	20	19
2010	22	19
2011	25	21
2012	28	21
2013	29	21
2014	30	21
2015	31	21

Residents of disadvantaged communities who purchased advanced technology vehicles are eligible for additional incentives outlined in the table below.

Table 4: Maximum incentive funds for EFMP Plus Up purchases

Enhanced Fleet Modernization Plus Up Program Incentives				
	Vehicle Type - Eight Years Old or Newer			
Income Eligibility	Conventional Hybrid Vehicle		Plug-In Hybrid And Zero-Emission Vehicle	Battery Electric Vehicle
	20+ MPG (Combined)	35+ MPG (Combined)		
Low Income ≤225% Federal Poverty Level	\$2,500	\$2,500	\$5,000	\$5,000 Plus \$2,000 for EVSE*
Moderate Income ≤300% Federal Poverty Level	Not Available	\$1,500	\$4,000	\$4,000 Plus \$2,000 for EVSE*
Above Moderate Income ≤400% Federal Poverty Level	Not Available	Not Available	\$3,000	\$3,000 Plus \$2,000 for EVSE*

*Electric Vehicle Service Equipment

Participants who purchase or lease new plug in hybrids or battery electric vehicles may be eligible for additional rebates through the State’s Clean Vehicle Rebate Project, for additional information on this program please click here. (http://energycenter.org/programs/clean_vehicle_rebate_project)
