

Stockton Record

**NOTICE OF FINAL ACTION
FOR THE ISSUANCE OF AUTHORITY
TO CONSTRUCT PERMITS**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued Authority to Construct permits to Miller Brooks Environmental, Inc. for a landfill gas collection and control system served by a flare, at 3242 S. El Dorado St., in Stockton.

All comments received following the District's preliminary decision on this project were considered.

Comments received by the District during the public notice period resulted in revisions to the flare source testing requirements as provided for in District Rule 4642 (Solid Waste Disposal Sites). These changes were minor and did not trigger additional public notification requirements, nor did they have any impact upon the Best Available Control Technology determination or on the amount of offsets required for project approval.

The application review for Project #N-1103238 is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm and the **SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT, 1990 EAST GETTYSBURG AVENUE, FRESNO, CA 93726.**
