

Fresno Bee

**NOTICE OF FINAL ACTION
FOR THE ISSUANCE OF
EMISSION REDUCTION CREDITS**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued Emission Reduction Credits (ERCs) to Spreckels Sugar Company for emission reduction generated by the shutdown of one beet sugar processing operation, one 40 MMBtu/hr fuel oil fired lime kiln and one 311 MMBtu/hr natural gas fired boiler, at 39400 Whitesbridge Road in Mendota, CA. The quantity of ERCs to be issued is 2,253 lb-VOC/year, 10,924 lb-NO_x/year, 32,596 lb-CO/year, 16,958 lb-PM₁₀/year, and 80,882 lb-SO_x/year.

All comments received following the District's preliminary decision on this project were considered. Only one comment was received by the District during the public notice period for this project regarding the adjustment of the actual emission reduction (AER) values for NO_x emissions in accordance with District Rule 4320. The comment did not result in any changes to the District's evaluation of this project and did not affect the basis for issuance of the above referenced ERC's.

The application review for Project #C-1090909 is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm and the SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT, 1990 EAST GETTYSBURG AVENUE, FRESNO, CA 93726.
