7. ~~The VOC content of the solvents utilized shall comply with Table 7 of District Rule 4607. When solvents with VOC contents of greater than 25 g/l are used outside of a District approved VOC emission control system, only the following application methods shall be utilized: wipe cleaning; non-atomized solvent flow methods in which the solvent is collected in a system that is closed except for the collection openings and other openings necessary to avoid excessive pressure build-up inside of the container; and solvent flushing methods in which the solvent is collected in a system that is closed except for the collection openings and other openings necessary to avoid excessive pressure build-up inside of the container. The discharged solvent shall be collected without atomizing into the open air. [District Rule 4607]~~
8. VOC emissions from this unit shall not exceed 8.5 pounds during any one day. [District Rule 2201]
9. The facility-wide VOC emissions from the graphic arts equipment shall not exceed 35,933 pounds based on a 12 month rolling total. [District Rule 2201]
10. The operator shall store and dispose of fresh solvents, spent solvents, waste solvent cleaning materials, coatings, adhesives, catalysts, thinners, and inks in closed, non-absorbent, non-leaking containers. The containers shall remain closed at all times except when depositing or removing their contents or when they are empty. [District Rule 4607]
11. The operator shall utilize all graphic arts materials and graphic arts material application equipment in accordance with their manufacturer's instructions. [District Rule 4607]
12. The operator shall maintain a file that includes a material safety data sheet or product data sheet showing the material name, the manufacturer's name, the VOC content as applied, the specific mixing instructions and the density of each ink, coating and solvent in use. [District Rules 2201 and 4607]
13. The operator shall record, on a monthly basis, the quantity, the VOC content and the density of each ink, coating and solvent used. Separate records shall be kept for pantone and non-pantone inks. [District Rules 2201 and 4607]
14. The operator shall keep a record of the combined VOC emissions from the facility graphic arts equipment. The record shall be kept on a 12 month rolling total basis and shall be updated at least monthly. [District Rule 2201]
15. The operator shall keep a daily record of the VOC emissions from this unit. [District Rule 2201]
16. All records shall be retained for a period of at least 5 years and shall be made available to APCO, ARB and EPA upon request. [District Rule 4607]
