

**NOTICE OF FINAL ACTION
FOR THE ISSUANCE OF AUTHORITY
TO CONSTRUCT PERMITS**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued Authority to Construct permits to Chevron USA, Inc. for a 480 bhp diesel-fired emergency IC engine powering an electrical generator, at the Integrated Operations Decision Support Center / International heavy Oil Center (IODSC/IHOC) located at 1546 China Grade Loop in Bakersfield, CA.

All comments received following the District's preliminary decision on this project were considered.

Comments received by the District during the public notice period resulted in additional discussion on the designation of IODSC/IHOC as a separate stationary source. These changes were minor and did not trigger additional public notification requirements, nor did they have any impact upon the Best Available Control Technology determination or on the amount of offsets required for project approval.

The application review for Project #S-1113711 is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm and the **SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT, 34946 FLYOVER COURT, BAKERSFIELD, CA 93308.**
