**Re: Notice of Final Action - Title V Permit
District Facility # S-713
Project # S-1111981**

Dear Mr. Lee:

The District has issued the Final Title V Permit for Paramount King LLC. The preliminary decision for this project was made on September 24, 2012. A summary of the comments and the District's response to each comment is included with the Final Title V Permit and public notice to be published approximately three days from the date of this letter.

Thank you for your cooperation in this matter. Should you have any questions, please contact Mr. Jim Swaney, Permit Services Manager, at (559) 230-5900.

Sincerely,

David Warner
Director of Permit Services

**SAN JOAQUIN VALLEY
AIR POLLUTION CONTROL DISTRICT
NOTICE OF FINAL DECISION TO ISSUE
FEDERALLY MANDATED OPERATING PERMIT**

NOTICE IS HEREBY GIVEN that the San Joaquin Valley Air Pollution Control District has made its final decision to issue the initial Federally Mandated Operating Permit to Paramount King LLC for its nut processing facility, which is located at 10429 King Road in Lost Hills, California.

The District's analysis of the legal and factual basis for this proposed action, project #S-1111981, is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm and the District office at the address below. For additional information regarding this matter, please contact Mr. Jim Swaney, Permit Services Manager, at (559) 230-5900, or contact David Warner, Director of Permit Services, in writing at SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT, 1990 E. GETTYSBURG AVE, FRESNO, CA 93726-0244.

Paramount King LLC
Facility ID: S-713, Project #: S-1111981
Initial Title V - Response to Facility Comments

Comment #1

Draft Permit S-713-0-1:

Draft condition 42: Paramount Farms already includes one other major stationary source. To coordinate reporting deadlines, please accept this request to set Paramount King's annual compliance anniversary to August 31st of each year.

District Response

The District has granted the requested compliance anniversary. Permit condition 42 of the facility-wide requirements will state that the reporting periods begin on September 1.

Comment #2

Draft Permit S-713-1-18:

Draft condition 5: EPA Method 22 indicates that it only applies if referenced in an applicable subpart. What is the applicable subpart that Paramount King is subject to? This seems an unusual requirement, based upon the nature of pistachio processing and our other permits.

Draft condition 12: This condition is redundant with Facility-wide requirement 9. Please remove this condition.

District Response

The District concurs that EPA Method 22 is not applicable to this source. This erroneous reference to EPA Method 22 has been removed from condition #5. The monitoring frequency has also been corrected from annual to quarterly, for consistency with existing requirements for similar emissions sources.

Although condition 12 is partially redundant with facility-wide condition 9, the record retention and inspection condition on permit unit S-713-1-18 is primarily based District Rule 1070.

Comment #3

Draft Permit S-713-2-7:

Draft condition 4: EPA Method 22 indicates that it only applies if referenced in an applicable subpart. What is the applicable subpart that Paramount King is subject to? This seems an unusual requirement, based upon the nature of pistachio processing and our other permits.

Paramount King LLC
Facility ID: S-713, Project #: S-1111981
Initial Title V - Response to Facility Comments

Draft condition 6: This condition is redundant with Facility-wide requirement 9. Please revise this condition to read, "Daily records of finishing throughput shall be maintained."

District Response

The District concurs that EPA Method 22 is not applicable to this source. This erroneous reference to EPA Method 22 has been removed from condition #4.

Although condition 6 is partially redundant with facility-wide condition 9, the record retention and inspection condition on permit unit S-713-2-7 is primarily based District Rule 1070. Please note grammatical changes made to this condition for clarification purposes.

Comment #4

Draft Permit S-713-3-7:

Pursuant to APCD Guidance Document FYI-284, the processes identified on this permit have been determined to be of negligible significance regarding PM-10 emissions. This permit was recently cancelled. Please remove it from your project.

District Response

This permit unit has been deleted as requested.

Comment #5

Draft Permit S-713-4-13:

Draft condition 4: EPA Method 22 indicates that it only applies if referenced in an applicable subpart. What is the applicable subpart that Paramount King is subject to? This seems an unusual requirement, based upon the nature of pistachio processing and our other permits.

Draft condition 12: This condition is redundant with Facility-wide requirement 9. Please revise this condition to read, "Daily records of dehydrator throughput and natural gas consumption shall be maintained."

District Response

The District concurs that EPA Method 22 is not applicable to this source. This erroneous reference to EPA Method 22 has been removed from condition #4.

Although condition 12 is partially redundant with facility-wide condition 9, the record retention and inspection condition on permit unit S-713-4-13 is primarily based District

Paramount King LLC
Facility ID: S-713, Project #: S-1111981
Initial Title V - Response to Facility Comments

Rule 1070. Please note grammatical changes made to this condition for clarification purposes.

Comment #6

Draft Permit S-713-5-5:

Pursuant to APCD Guidance Document FYI-284, the processes identified on this permit have been determined to be of negligible significance regarding PM-10 emissions. This permit was recently cancelled. Please remove it from your project.

District Response

This permit unit has been deleted as requested.

Comment #7

Draft Permit S-713-6-1:

This permitted process is not subject to SIP requirements. Paramount did not propose to incorporate this unit unto the Title V permit. Therefore, draft condition 6, requiring federally enforceable record keeping is inappropriate. Please remove it from your project.

District Response

The erroneous addition of federal enforceability has been removed as requested.

Comment #8

Draft Permit S-713-8-3:

Pursuant to APCD Guidance Document FYI-284, the processes identified on this permit have been determined to be of negligible significance regarding PM-10 emissions. This permit was recently cancelled. Please remove it from your project.

District Response

This permit unit has been deleted as requested.

Permit to Operate

FACILITY: S-713

EXPIRATION DATE: 12/31/2016

LEGAL OWNER OR OPERATOR:
MAILING ADDRESS:

PARAMOUNT KING LLC
13646 HIGHWAY 33
LOST HILLS, CA 93249-9719

FACILITY LOCATION:

10429 KING RD
LOST HILLS, CA 93249-9700

FACILITY DESCRIPTION:

AGRICULTURAL PRODUCTS PROCESSING, PISTACHIOS

The Facility's Permit to Operate may include Facility-wide Requirements as well as requirements that apply to specific permit units.

This Permit to Operate remains valid through the permit expiration date listed above, subject to payment of annual permit fees and compliance with permit conditions and all applicable local, state, and federal regulations. This permit is valid only at the location specified above, and becomes void upon any transfer of ownership or location. Any modification of the equipment or operation, as defined in District Rule 2201, will require prior District approval. This permit shall be posted as prescribed in District Rule 2010.

Seyed Sadredin
Executive Director / APCO

David Warner
Director of Permit Services

San Joaquin Valley Air Pollution Control District

FACILITY: S-713-0-1

EXPIRATION DATE: 12/31/2016

FACILITY-WIDE REQUIREMENTS

1. The owner or operator shall notify the District of any breakdown condition as soon as reasonably possible, but no later than one hour after its detection, unless the owner or operator demonstrates to the District's satisfaction that the longer reporting period was necessary. [District Rule 1100, 6.1; County Rules 110 (Fresno, Stanislaus, San Joaquin); 109 (Merced); 113 (Madera); and 111 (Kern, Tulare, Kings)] Federally Enforceable Through Title V Permit
2. The District shall be notified in writing within ten days following the correction of any breakdown condition. The breakdown notification shall include a description of the equipment malfunction or failure, the date and cause of the initial failure, the estimated emissions in excess of those allowed, and the methods utilized to restore normal operations. [District Rule 1100, 7.0; County Rules 110 (Fresno, Stanislaus, San Joaquin); 109 (Merced); 113 (Madera); and 111 (Kern, Tulare, Kings)] Federally Enforceable Through Title V Permit
3. The owner or operator of any stationary source operation that emits more than 25 tons per year of nitrogen oxides or reactive organic compounds, shall provide the District annually with a written statement in such form and at such time as the District prescribes, showing actual emissions of nitrogen oxides and reactive organic compounds from that source. [District Rule 1160, 5.0] Federally Enforceable Through Title V Permit
4. Any person building, altering or replacing any operation, article, machine, equipment, or other contrivance, the use of which may cause the issuance of air contaminants or the use of which may eliminate, reduce, or control the issuance of air contaminants, shall first obtain an Authority to Construct (ATC) from the District unless exempted by District Rule 2020 (12/20/07). [District Rule 2010, 3.0 and 4.0; and 2020] Federally Enforceable Through Title V Permit
5. The permittee must comply with all conditions of the permit including permit revisions originated by the District. All terms and conditions of a permit that are required pursuant to the Clean Air Act (CAA), including provisions to limit potential to emit, are enforceable by the EPA and Citizens under the CAA. Any permit noncompliance constitutes a violation of the CAA and the District Rules and Regulations, and is grounds for enforcement action, for permit termination, revocation, reopening and reissuance, or modification; or for denial of a permit renewal application. [District Rules 2070, 7.0; 2080; and 2520, 9.9.1 and 9.13.1] Federally Enforceable Through Title V Permit
6. A Permit to Operate or an Authority to Construct shall not be transferred unless a new application is filed with and approved by the District. [District Rule 2031] Federally Enforceable Through Title V Permit
7. Every application for a permit required under Rule 2010 (12/17/92) shall be filed in a manner and form prescribed by the District. [District Rule 2040] Federally Enforceable Through Title V Permit
8. The operator shall maintain records of required monitoring that include: 1) the date, place, and time of sampling or measurement; 2) the date(s) analyses were performed; 3) the company or entity that performed the analysis; 4) the analytical techniques or methods used; 5) the results of such analysis; and 6) the operating conditions at the time of sampling or measurement. [District Rule 2520, 9.4.1] Federally Enforceable Through Title V Permit
9. The operator shall retain records of all required monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, or report. Support information includes copies of all reports required by the permit and, for continuous monitoring instrumentation, all calibration and maintenance records and all original strip-chart recordings. [District Rule 2520, 9.4.2] Federally Enforceable Through Title V Permit

FACILITY-WIDE REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate. Any amendments to these Facility-wide Requirements that affect specific Permit Units may constitute modification of those Permit Units.

Facility Name: PARAMOUNT KING LLC
Location: 10429 KING RD, LOST HILLS, CA 93249-9700
S-713-0-1: Nov 20 2012 2:58PM - AIYABEUJ

10. The operator shall submit reports of any required monitoring at least every six months unless a different frequency is required by an applicable requirement. All instances of deviations from permit requirements must be clearly identified in such reports. [District Rule 2520, 9.5.1] Federally Enforceable Through Title V Permit
11. Deviations from permit conditions must be promptly reported, including deviations attributable to upset conditions, as defined in the permit. For the purpose of this condition, promptly means as soon as reasonably possible, but no later than 10 days after detection. The report shall include the probable cause of such deviations, and any corrective actions or preventive measures taken. All required reports must be certified by a responsible official consistent with section 10.0 of District Rule 2520 (6/21/01). [District Rules 2520, 9.5.2 and 1100, 7.0] Federally Enforceable Through Title V Permit
12. If for any reason a permit requirement or condition is being challenged for its constitutionality or validity by a court of competent jurisdiction, the outcome of such challenge shall not affect or invalidate the remainder of the conditions or requirements in that permit. [District Rule 2520, 9.7] Federally Enforceable Through Title V Permit
13. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of the permit. [District Rule 2520, 9.8.2] Federally Enforceable Through Title V Permit
14. The permit may be modified, revoked, reopened and reissued, or terminated for cause. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or a notification of planned changes or anticipated noncompliance does not stay any permit condition. [District Rule 2520, 9.8.3] Federally Enforceable Through Title V Permit
15. The permit does not convey any property rights of any sort, or any exclusive privilege. [District Rule 2520, 9.8.4] Federally Enforceable Through Title V Permit
16. The Permittee shall furnish to the District, within a reasonable time, any information that the District may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the District copies of records required to be kept by the permit or, for information claimed to be confidential, the permittee may furnish such records directly to EPA along with a claim of confidentiality. [District Rule 2520, 9.8.5] Federally Enforceable Through Title V Permit
17. The permittee shall pay annual permit fees and other applicable fees as prescribed in Regulation III of the District Rules and Regulations. [District Rule 2520, 9.9] Federally Enforceable Through Title V Permit
18. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to enter the permittee's premises where a permitted source is located or emissions related activity is conducted, or where records must be kept under condition of the permit. [District Rule 2520, 9.13.2.1] Federally Enforceable Through Title V Permit
19. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit. [District Rule 2520, 9.13.2.2] Federally Enforceable Through Title V Permit
20. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to inspect at reasonable times any facilities, equipment, practices, or operations regulated or required under the permit. [District Rule 2520, 9.13.2.3] Federally Enforceable Through Title V Permit
21. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to sample or monitor, at reasonable times, substances or parameters for the purpose of assuring compliance with the permit or applicable requirements. [District Rule 2520, 9.13.2.4] Federally Enforceable Through Title V Permit
22. No air contaminants shall be discharged into the atmosphere for a period or periods aggregating more than 3 minutes in any one hour which is as dark or darker than Ringelmann #1 or equivalent to 20% opacity and greater, unless specifically exempted by District Rule 4101 (02/17/05). If the equipment or operation is subject to a more stringent visible emission standard as prescribed in a permit condition, the more stringent visible emission limit shall supersede this condition. [District Rule 4101, and County Rules 401 (in all eight counties in the San Joaquin Valley)] Federally Enforceable Through Title V Permit

FACILITY-WIDE REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

23. No person shall manufacture, blend, repackage, supply, sell, solicit or apply any architectural coating with a VOC content in excess of the corresponding limit specified in Table of Standards 1 effective until 12/30/10 or Table of Standards 2 effective on and after 1/1/11 of District Rule 4601 (12/17/09) for use or sale within the District. [District Rule 4601, 5.1] Federally Enforceable Through Title V Permit
24. All VOC-containing materials subject to Rule 4601 (12/17/09) shall be stored in closed containers when not in use. [District Rule 4601, 5.4] Federally Enforceable Through Title V Permit
25. The permittee shall comply with all the Labeling and Test Methods requirements outlined in Rule 4601 sections 6.1 and 6.3 (12/17/09). [District Rule 4601, 6.1 and 6.3] Federally Enforceable Through Title V Permit
26. With each report or document submitted under a permit requirement or a request for information by the District or EPA, the permittee shall include a certification of truth, accuracy, and completeness by a responsible official. [District Rule 2520, 9.13.1 and 10.0] Federally Enforceable Through Title V Permit
27. If the permittee performs maintenance on, or services, repairs, or disposes of appliances, the permittee shall comply with the standards for Recycling and Emissions Reduction pursuant to 40 CFR Part 82, Subpart F. [40 CFR 82 Subpart F] Federally Enforceable Through Title V Permit
28. If the permittee performs service on motor vehicles when this service involves the ozone-depleting refrigerant in the motor vehicle air conditioner (MVAC), the permittee shall comply with the standards for Servicing of Motor Vehicle Air Conditioners pursuant to all the applicable requirements as specified in 40 CFR Part 82, Subpart B. [40 CFR Part 82, Subpart B] Federally Enforceable Through Title V Permit
29. Disturbances of soil related to any construction, demolition, excavation, extraction, or other earthmoving activities shall comply with the requirements for fugitive dust control in District Rule 8021 unless specifically exempted under Section 4.0 of Rule 8021 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8021 and 8011] Federally Enforceable Through Title V Permit
30. Outdoor handling, storage and transport of any bulk material which emits dust shall comply with the requirements of District Rule 8031, unless specifically exempted under Section 4.0 of Rule 8031 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8031 and 8011] Federally Enforceable Through Title V Permit
31. An owner/operator shall prevent or cleanup any carryout or trackout in accordance with the requirements of District Rule 8041 Section 5.0, unless specifically exempted under Section 4.0 of Rule 8041 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8041 and 8011] Federally Enforceable Through Title V Permit
32. Whenever open areas are disturbed, or vehicles are used in open areas, the facility shall comply with the requirements of Section 5.0 of District Rule 8051, unless specifically exempted under Section 4.0 of Rule 8051 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8051 and 8011] Federally Enforceable Through Title V Permit
33. Any paved road or unpaved road shall comply with the requirements of District Rule 8061 unless specifically exempted under Section 4.0 of Rule 8061 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8061 and Rule 8011] Federally Enforceable Through Title V Permit
34. Any unpaved vehicle/equipment area that anticipates more than 50 Average annual daily Trips (AADT) shall comply with the requirements of Section 5.1.1 of District Rule 8071. Any unpaved vehicle/equipment area that anticipates more than 150 vehicle trips per day (VDT) shall comply with the requirements of Section 5.1.2 of District Rule 8071. On each day that 25 or more VDT with 3 or more axles will occur on an unpaved vehicle/equipment traffic area, the owner/operator shall comply with the requirements of Section 5.1.3 of District Rule 8071. On each day when a special event will result in 1,000 or more vehicles that will travel/park on an unpaved area, the owner/operator shall comply with the requirements of Section 5.1.4 of District Rule 8071. All sources shall comply with the requirements of Section 5.0 of District Rule 8071 unless specifically exempted under Section 4.0 of Rule 8071 (9/16/2004) or Rule 8011 (8/19/2004). [District Rule 8071 and Rule 8011] Federally Enforceable Through Title V Permit
35. Any owner or operator of a demolition or renovation activity, as defined in 40 CFR 61.141, shall comply with the applicable inspection, notification, removal, and disposal procedures for asbestos containing materials as specified in 40 CFR 61.145 (Standard for Demolition and Renovation). [40 CFR 61 Subpart M] Federally Enforceable Through Title V Permit

FACILITY-WIDE REQUIREMENTS CONTINUE ON NEXT PAGE
These terms and conditions are part of the Facility-wide Permit to Operate.

36. The permittee shall submit certifications of compliance with the terms and standards contained in Title V permits, including emission limits, standards and work practices, to the District and the EPA annually (or more frequently as specified in an applicable requirement or as specified by the District). The certification shall include the identification of each permit term or condition, the compliance status, whether compliance was continuous or intermittent, the methods used for determining the compliance status, and any other facts required by the District to determine the compliance status of the source. [District Rule 2520, 9.16] Federally Enforceable Through Title V Permit
37. The permittee shall submit an application for Title V permit renewal to the District at least six months, but not greater than 18 months, prior to the permit expiration date. [District Rule 2520, 5.2] Federally Enforceable Through Title V Permit
38. When a term is not defined in a Title V permit condition, the definition in the rule cited as the origin and authority for the condition in a Title V permits shall apply. [District Rule 2520, 9.1.1] Federally Enforceable Through Title V Permit
39. Compliance with permit conditions in the Title V permit shall be deemed in compliance with the following outdated SIP requirements: Rule 401 (Madera, Fresno, Kern, Kings, San Joaquin, Stanislaus, Tulare and Merced), Rule 110 (Fresno, Stanislaus, San Joaquin), Rule 109 (Merced), Rule 113 (Madera), Rule 111 (Kern, Tulare, Kings), and Rule 202 (Fresno, Kern, Tulare, Kings, Madera, Stanislaus, Merced, San Joaquin). A permit shield is granted from these requirements. [District Rule 2520, 13.2] Federally Enforceable Through Title V Permit
40. Compliance with permit conditions in the Title V permit shall be deemed in compliance with the following applicable requirements: SJVUAPCD Rules 1100, sections 6.1 and 7.0 (12/17/92); 2010, sections 3.0 and 4.0 (12/17/92); 2031 (12/17/92); 2040 (12/17/92); 2070, section 7.0 (12/17/92); 2080 (12/17/92); 4101 (2/17/05); 4601 (12/17/09); 8021 (8/19/2004); 8031 (8/19/2004); 8041 (8/19/2004); 8051 (8/19/2004); 8061 (8/19/2004); and 8071 (9/16/2004). A permit shield is granted from these requirements. [District Rule 2520, 13.2] Federally Enforceable Through Title V Permit
41. No air contaminant shall be released into the atmosphere which causes a public nuisance. [District Rule 4102]
42. The reporting periods for the Report of Required Monitoring and the Compliance Certification Report begin on September 1 of every year, unless alternative dates are approved by the District Compliance Division. These reports are due within 30 days after the end of the reporting period. [District Rule 2520] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: S-713-1-18

EXPIRATION DATE: 12/31/2016

SECTION: NE12 **TOWNSHIP:** 25S **RANGE:** 19E

EQUIPMENT DESCRIPTION:

PISTACHIO RECEIVING/HULLING/DRYING OPERATION INCLUDING 4 RECEIVING PITS, 4 PRECLEANING LINES (EACH PRECLEANING LINE INCLUDES 2 CYCLONES FOR A TOTAL OF 8 CYCLONES), TWO 20 MMBTU/HR NATURAL GAS-FIRED COLUMN DRYERS, EIGHTEEN 27.0 MMBTU/HR COLUMN DRYERS, 2 PORTABLE SILO FANS, SAMPLE DRYER WITH TWO MODULES (EACH WITH 0.8 MMBTU/HR BURNER), AND PERMIT EXEMPT STORAGE SILOS (LOW EMITTING UNITS)

PERMIT UNIT REQUIREMENTS

1. The two 20 MMBtu/hr column dryers shall be equipped with staggered heaters and fans with premium efficiency electric motors powering fans and augers. [Public Resources Code 21000-21177: California Environmental Quality Act]
2. Particulate matter emissions shall not exceed 0.1 grains/dscf in concentration. [District Rule 4201] Federally Enforceable Through Title V Permit
3. The operation includes the following permit exempt equipment: wet process float tanks, bin dumpers, elevators, conveying, peeling, hulling equipment, detwiggers, scalper shakers, gravity decks, wet aspirators served by cyclones, and conveying and distribution equipment for clean dry pistachios. [District Rule 2010] Federally Enforceable Through Title V Permit
4. Visible emissions from the cyclones serving the precleaning operation shall not exceed 5% opacity except for three minutes in any one hour. [District Rules 2201 and 4101] Federally Enforceable Through Title V Permit
5. The cyclones serving the precleaning operation shall be inspected quarterly for visible emissions during operation. If any visible emissions are observed, corrective action shall be taken. If visible emissions cannot be corrected within 24 hours, a visible emissions test using EPA Method 9 shall be conducted. Records of visible emissions monitoring shall be maintained. Such records shall include visible emissions observation results, corrective actions, and visible emissions test results. [District Rule 2520] Federally Enforceable Through Title V Permit
6. Pistachio receiving/precleaning operation throughput shall not exceed 6,000 ton/day. [District Rule 2201] Federally Enforceable Through Title V Permit
7. Natural gas combustion for this operation shall not exceed 10,644 Mscf/day; nor 359,369 Mscf/year based on a rolling 12-month basis. [District Rule 2201] Federally Enforceable Through Title V Permit
8. Particulate matter (PM10) emissions from the pistachio receiving/precleaning operation shall not exceed 0.00416 lb/ton. [District Rule 2201] Federally Enforceable Through Title V Permit
9. Emissions from natural gas combustion shall not exceed any of the following: 0.0076 lb-PM10/MMBtu, 0.00285 lb-SO_x/MMBtu (as SO₂), 0.083 lb-NO_x/MMBtu (as NO₂), 0.0055 lb-VOC/MMBtu, or 0.084 lb-CO/MMBtu. [District Rule 2201] Federally Enforceable Through Title V Permit
10. Daily records of pistachio receiving/precleaning throughput for this operation shall be maintained. [District Rules 1070 and 2201] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

11. Daily and 12-month rolling records, updated monthly, of natural gas consumption for this operation shall be maintained. [District Rules 1070 and 2201] Federally Enforceable Through Title V Permit
12. All records shall be retained for a period of at least 5 years and shall be made available for District inspection upon request. [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: S-713-2-7

EXPIRATION DATE: 12/31/2016

SECTION: NE12 **TOWNSHIP:** 25S **RANGE:** 19E

EQUIPMENT DESCRIPTION:

PISTACHIO FINISHING OPERATION INCLUDING TWO ASPIRATORS, EACH EXHAUSTING TO AN EXPANSION CHAMBER VENTED TO A BANK OF FILTER SOCKS

PERMIT UNIT REQUIREMENTS

1. This operation includes the following permit exempt equipment: bin dumpers, color sorters with ventilation ducts served by filter socks, pin pickers, handsort belts, bucket elevators, and size graders. [District Rule 2010] Federally Enforceable Through Title V Permit
2. Visible emissions shall not exceed 5% opacity except for three minutes in any one hour. [District Rule 2201] Federally Enforceable Through Title V Permit
3. Material removed from fabric filter socks shall be disposed of in a manner preventing visible emissions in excess of 5% opacity. [District Rule 2201] Federally Enforceable Through Title V Permit
4. This unit shall be inspected annually for visible emissions during operation. If any visible emissions are observed, corrective action shall be taken. If visible emissions cannot be corrected within 24 hours, a visible emissions test using EPA Method 9 shall be conducted. Records of visible emissions monitoring shall be maintained. Such records shall include visible emissions observation results, corrective actions, and visible emissions test results. [District Rule 2520] Federally Enforceable Through Title V Permit
5. Throughput shall not exceed 150 tons/day and particulate matter (PM10) fugitive emission rate shall not exceed 0.016 lb/ton. [District Rule 2201] Federally Enforceable Through Title V Permit
6. Daily records of finishing throughput shall be maintained. These records shall be retained for a period of at least five years and shall be made readily available for District inspection upon request. [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: S-713-4-13

EXPIRATION DATE: 12/31/2016

SECTION: NE12 **TOWNSHIP:** 25S **RANGE:** 19E

EQUIPMENT DESCRIPTION:

PISTACHIO ROASTING AND BAGGING OPERATION INCLUDING 3-STAGE PROCTOR SCHWARTZ DEHYDRATOR WITH TWO 1.6 MM BTU/HR BURNERS VENTED TO FABRIC FILTER

PERMIT UNIT REQUIREMENTS

1. Operation includes the following permit exempt equipment: portable receiving hoppers, bin dumpers, brine applicators, bucket elevators, conveyors, size graders, color sorters, aspirators, and packaging operations. [District Rule 2010] Federally Enforceable Through Title V Permit
2. Visible emissions shall not exceed 5% opacity except for three minutes in any one hour. [District Rule 2201] Federally Enforceable Through Title V Permit
3. Material removed from fabric filters shall be disposed of in a manner preventing visible emissions in excess of 5% opacity. [District Rule 2201] Federally Enforceable Through Title V Permit
4. This unit shall be inspected annually for visible emissions during operation. If any visible emissions are observed, corrective action shall be taken. If visible emissions cannot be corrected within 24 hours, a visible emissions test using EPA Method 9 shall be conducted. Records of visible emissions monitoring shall be maintained. Such records shall include visible emissions observation results, corrective actions, and visible emissions test results. [District Rule 2520] Federally Enforceable Through Title V Permit
5. Dehydrators shall be equipped with a non-resettable gas meter. [District Rule 2080] Federally Enforceable Through Title V Permit
6. Natural gas combustion for the 3.2 MMBtu/hr dehydrator shall not exceed 124 Mscf/day; and shall not exceed 16,097 Mscf/year based on a rolling 12-month average. [District Rule 2201] Federally Enforceable Through Title V Permit
7. Throughput of dehydrators shall not exceed 245 ton/day. [District Rule 2201] Federally Enforceable Through Title V Permit
8. Particulate matter (PM10) emission rate from 3.2 MMBtu/hr dehydrator shall not exceed 0.0145 lb/ton. [District Rule 2201] Federally Enforceable Through Title V Permit
9. Emission rates from natural gas combustion for the 3.2 MMBtu/hr dehydrator shall not exceed any of the following: PM10: 0.005 lb/MMBtu, SOx (as SO2): 0.00285 lb/MMBtu, NOx (as NO2): 0.095 lb/MMBtu, VOC: 0.005 lb/MMBtu, and CO: 0.046 lb/MMBtu. [District Rule 2201] Federally Enforceable Through Title V Permit
10. Dehydrators shall be fired exclusively on PUC quality natural gas, except during periods of PUC quality natural gas curtailment. During periods of PUC quality natural gas curtailment, the dehydrators shall be in compliance with the provisions of Section 4.3 of District Rule 4309. [District Rule 4309] Federally Enforceable Through Title V Permit
11. All dehydrators shall be operated and maintained according to the manufacturer's specifications or APCO-approved alternative procedures, and the operation and maintenance records and manufacturer's specifications/APCO-approved alternative procedures shall be maintained in accordance with Section 6.1.3 of District Rule 4309. [District Rule 4309] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

12. Daily records of dehydrator throughput and natural gas consumption shall be maintained. These records shall be retained for a period of at least five years and shall be made readily available for District inspection upon request. [District Rules 1070 and 2520] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: S-713-6-1

EXPIRATION DATE: 12/31/2016

EQUIPMENT DESCRIPTION:

HYDROGEN PHOSPHIDE FUMIGATION OPERATION CONSISTING OF 20 SILOS, 20 BIN STACKS, AND 3 FUMIGATION ROOMS

PERMIT UNIT REQUIREMENTS

1. All equipment shall be maintained in good operating condition and shall be operated in a manner to minimize emissions of air contaminants into the atmosphere. [District Rule 4102]
2. No fumigant other than phosphine shall be used. [District Rule 4102]
3. The fumigation stacks shall be air tight during the fumigation process. [District Rule 4102]
4. Spent fumigant shall be vented in a manner which is adequate to prevent any hazard to human health, plant or animal life. [District Rule 4102]
5. The owner/operator shall submit a toxic emission inventory plan prepared in accordance with the CARB Emission Inventory Criteria and Guidance Report by 9/4/03. Within six months of District approval of the plan, the owner/operator shall submit a toxic emission inventory report and subsequently comply with all Air Toxic Hot Spots Act requirements. [District Rule 4102]
6. Daily and annual records of the quantity of fumigant usage shall be maintained, retained on-site for a period of at least five years and made available for District inspection upon request. [District Rule 1070]

These terms and conditions are part of the Facility-wide Permit to Operate.
