**Re: Notice of Final Action - Title V Permit
District Facility # Snow Cleaner's
Project # N-1112166**

Dear Mr. Carter:

The District has issued the Final Title V Permit for Snow Cleaners Inc... The preliminary decision for this project was made on November 8, 2012. No comments were received subsequent to the District preliminary decision. Enclosed are the Final Title V Permit and public notice to be published approximately three days from the date of this letter.

Thank you for your cooperation in this matter. Should you have any questions, please contact Mr. Rupi Gill, Permit Services Manager, at (209) 557-6400.

Sincerely,

David Warner
Director of Permit Services

**SAN JOAQUIN VALLEY
AIR POLLUTION CONTROL DISTRICT
NOTICE OF FINAL DECISION TO ISSUE
FEDERALLY MANDATED OPERATING PERMIT**

NOTICE IS HEREBY GIVEN that the San Joaquin Valley Air Pollution Control District has made its final decision to issue the initial Federally Mandated Operating Permit to Snow Cleaners Inc. for its commercial dry cleaning facility at 38 W. Sonora Street in Stockton, California.

The District's analysis of the legal and factual basis for this proposed action, project #N-1112166, is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm and the District office at the address below. For additional information regarding this matter, please contact Mr. Rupi Gill, Permit Services Manager, at (209) 557-6400, or contact David Warner, Director of Permit Services, in writing at SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT, 1990 E. GETTYSBURG AVE, FRESNO, CA 93726-0244.

Permit to Operate

FACILITY: N-3076

EXPIRATION DATE: 03/31/2017

LEGAL OWNER OR OPERATOR: SNOW CLEANERS INC
MAILING ADDRESS: P O BOX 1849
STOCKTON, CA 95201

FACILITY LOCATION: 38 W SONORA ST
STOCKTON, CA 95205

FACILITY DESCRIPTION: DRY CLEANING

The Facility's Permit to Operate may include Facility-wide Requirements as well as requirements that apply to specific permit units.

This Permit to Operate remains valid through the permit expiration date listed above, subject to payment of annual permit fees and compliance with permit conditions and all applicable local, state, and federal regulations. This permit is valid only at the location specified above, and becomes void upon any transfer of ownership or location. Any modification of the equipment or operation, as defined in District Rule 2201, will require prior District approval. This permit shall be posted as prescribed in District Rule 2010.

Seyed Sadredin
Executive Director / APCO

David Warner
Director of Permit Services

San Joaquin Valley Air Pollution Control District

FACILITY: N-3076-0-1

EXPIRATION DATE: 03/31/2017

FACILITY-WIDE REQUIREMENTS

1. The owner or operator shall notify the District of any breakdown condition as soon as reasonably possible, but no later than one hour after its detection, unless the owner or operator demonstrates to the District's satisfaction that the longer reporting period was necessary. [District Rule 1100, 6.1; County Rules 110 (San Joaquin)] Federally Enforceable Through Title V Permit
2. The District shall be notified in writing within ten days following the correction of any breakdown condition. The breakdown notification shall include a description of the equipment malfunction or failure, the date and cause of the initial failure, the estimated emissions in excess of those allowed, and the methods utilized to restore normal operations. [District Rule 1100, 7.0; County Rules 110 (San Joaquin)] Federally Enforceable Through Title V Permit
3. The owner or operator of any stationary source operation that emits more than 25 tons per year of nitrogen oxides or reactive organic compounds, shall provide the District annually with a written statement in such form and at such time as the District prescribes, showing actual emissions of nitrogen oxides and reactive organic compounds from that source. [District Rule 1160, 5.0] Federally Enforceable Through Title V Permit
4. Any person building, altering or replacing any operation, article, machine, equipment, or other contrivance, the use of which may cause the issuance of air contaminants or the use of which may eliminate, reduce, or control the issuance of air contaminants, shall first obtain an Authority to Construct (ATC) from the District unless exempted by District Rule 2020 (12/20/07). [District Rule 2010, 3.0 and 4.0; and 2020] Federally Enforceable Through Title V Permit
5. The permittee must comply with all conditions of the permit including permit revisions originated by the District. All terms and conditions of a permit that are required pursuant to the Clean Air Act (CAA), including provisions to limit potential to emit, are enforceable by the EPA and Citizens under the CAA. Any permit noncompliance constitutes a violation of the CAA and the District Rules and Regulations, and is grounds for enforcement action, for permit termination, revocation, reopening and reissuance, or modification; or for denial of a permit renewal application. [District Rules 2070, 7.0; 2080; and 2520, 9.9.1 and 9.13.1] Federally Enforceable Through Title V Permit
6. A Permit to Operate or an Authority to Construct shall not be transferred unless a new application is filed with and approved by the District. [District Rule 2031] Federally Enforceable Through Title V Permit
7. Every application for a permit required under Rule 2010 (12/17/92) shall be filed in a manner and form prescribed by the District. [District Rule 2040] Federally Enforceable Through Title V Permit
8. The operator shall maintain records of required monitoring that include: 1) the date, place, and time of sampling or measurement; 2) the date(s) analyses were performed; 3) the company or entity that performed the analysis; 4) the analytical techniques or methods used; 5) the results of such analysis; and 6) the operating conditions at the time of sampling or measurement. [District Rule 2520, 9.4.1] Federally Enforceable Through Title V Permit
9. The operator shall retain records of all required monitoring data and support information for a period of at least 5 years from the date of the monitoring sample, measurement, or report. Support information includes copies of all reports required by the permit and, for continuous monitoring instrumentation, all calibration and maintenance records and all original strip-chart recordings. [District Rule 2520, 9.4.2] Federally Enforceable Through Title V Permit

FACILITY-WIDE REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate. Any amendments to these Facility-wide Requirements that affect specific Permit Units may constitute modification of those Permit Units.

Facility Name: SNOW CLEANERS INC
Location: 38 W SONORA ST, STOCKTON, CA 95205
N-3076-0-1 : Dec 17 2012 10:24AM - CHANK

10. The operator shall submit reports of any required monitoring at least every six months unless a different frequency is required by an applicable requirement. All instances of deviations from permit requirements must be clearly identified in such reports. [District Rule 2520, 9.5.1] Federally Enforceable Through Title V Permit
11. Deviations from permit conditions must be promptly reported, including deviations attributable to upset conditions, as defined in the permit. For the purpose of this condition, promptly means as soon as reasonably possible, but no later than 10 days after detection. The report shall include the probable cause of such deviations, and any corrective actions or preventive measures taken. All required reports must be certified by a responsible official consistent with section 10.0 of District Rule 2520 (6/21/01). [District Rules 2520, 9.5.2 and 1100, 7.0] Federally Enforceable Through Title V Permit
12. If for any reason a permit requirement or condition is being challenged for its constitutionality or validity by a court of competent jurisdiction, the outcome of such challenge shall not affect or invalidate the remainder of the conditions or requirements in that permit. [District Rule 2520, 9.7] Federally Enforceable Through Title V Permit
13. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of the permit. [District Rule 2520, 9.8.2] Federally Enforceable Through Title V Permit
14. The permit may be modified, revoked, reopened and reissued, or terminated for cause. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or a notification of planned changes or anticipated noncompliance does not stay any permit condition. [District Rule 2520, 9.8.3] Federally Enforceable Through Title V Permit
15. The permit does not convey any property rights of any sort, or any exclusive privilege. [District Rule 2520, 9.8.4] Federally Enforceable Through Title V Permit
16. The Permittee shall furnish to the District, within a reasonable time, any information that the District may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee shall also furnish to the District copies of records required to be kept by the permit or, for information claimed to be confidential, the permittee may furnish such records directly to EPA along with a claim of confidentiality. [District Rule 2520, 9.8.5] Federally Enforceable Through Title V Permit
17. The permittee shall pay annual permit fees and other applicable fees as prescribed in Regulation III of the District Rules and Regulations. [District Rule 2520, 9.9] Federally Enforceable Through Title V Permit
18. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to enter the permittee's premises where a permitted source is located or emissions related activity is conducted, or where records must be kept under condition of the permit. [District Rule 2520, 9.13.2.1] Federally Enforceable Through Title V Permit
19. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to have access to and copy, at reasonable times, any records that must be kept under the conditions of the permit. [District Rule 2520, 9.13.2.2] Federally Enforceable Through Title V Permit
20. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to inspect at reasonable times any facilities, equipment, practices, or operations regulated or required under the permit. [District Rule 2520, 9.13.2.3] Federally Enforceable Through Title V Permit
21. Upon presentation of appropriate credentials, a permittee shall allow an authorized representative of the District to sample or monitor, at reasonable times, substances or parameters for the purpose of assuring compliance with the permit or applicable requirements. [District Rule 2520, 9.13.2.4] Federally Enforceable Through Title V Permit
22. No air contaminants shall be discharged into the atmosphere for a period or periods aggregating more than 3 minutes in any one hour which is as dark or darker than Ringelmann #1 or equivalent to 20% opacity and greater, unless specifically exempted by District Rule 4101 (02/17/05). If the equipment or operation is subject to a more stringent visible emission standard as prescribed in a permit condition, the more stringent visible emission limit shall supersede this condition. [District Rule 4101 and San Joaquin County Rule 401] Federally Enforceable Through Title V Permit

FACILITY-WIDE REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

23. No person shall manufacture, blend, repackage, supply, sell, solicit or apply any architectural coating with a VOC content in excess of the corresponding limit specified in Table of Standards 1 effective until 12/30/10 or Table of Standards 2 effective on and after 1/1/11 of District Rule 4601 (12/17/09) for use or sale within the District. [District Rule 4601, 5.1] Federally Enforceable Through Title V Permit
24. All VOC-containing materials subject to Rule 4601 (12/17/09) shall be stored in closed containers when not in use. [District Rule 4601, 5.4] Federally Enforceable Through Title V Permit
25. The permittee shall comply with all the Labeling and Test Methods requirements outlined in Rule 4601 sections 6.1 and 6.3 (12/17/09). [District Rule 4601, 6.1 and 6.3] Federally Enforceable Through Title V Permit
26. With each report or document submitted under a permit requirement or a request for information by the District or EPA, the permittee shall include a certification of truth, accuracy, and completeness by a responsible official. [District Rule 2520, 9.13.1 and 10.0] Federally Enforceable Through Title V Permit
27. If the permittee performs maintenance on, or services, repairs, or disposes of appliances, the permittee shall comply with the standards for Recycling and Emissions Reduction pursuant to 40 CFR Part 82, Subpart F. [40 CFR 82 Subpart F] Federally Enforceable Through Title V Permit
28. If the permittee performs service on motor vehicles when this service involves the ozone-depleting refrigerant in the motor vehicle air conditioner (MVAC), the permittee shall comply with the standards for Servicing of Motor Vehicle Air Conditioners pursuant to all the applicable requirements as specified in 40 CFR Part 82, Subpart B. [40 CFR Part 82, Subpart B] Federally Enforceable Through Title V Permit
29. Disturbances of soil related to any construction, demolition, excavation, extraction, or other earthmoving activities shall comply with the requirements for fugitive dust control in District Rule 8021 unless specifically exempted under Section 4.0 of Rule 8021 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8021 and 8011] Federally Enforceable Through Title V Permit
30. Outdoor handling, storage and transport of any bulk material which emits dust shall comply with the requirements of District Rule 8031, unless specifically exempted under Section 4.0 of Rule 8031 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8031 and 8011] Federally Enforceable Through Title V Permit
31. An owner/operator shall prevent or cleanup any carryout or trackout in accordance with the requirements of District Rule 8041 Section 5.0, unless specifically exempted under Section 4.0 of Rule 8041 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8041 and 8011] Federally Enforceable Through Title V Permit
32. Whenever open areas are disturbed, or vehicles are used in open areas, the facility shall comply with the requirements of Section 5.0 of District Rule 8051, unless specifically exempted under Section 4.0 of Rule 8051 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8051 and 8011] Federally Enforceable Through Title V Permit
33. Any paved road or unpaved road shall comply with the requirements of District Rule 8061 unless specifically exempted under Section 4.0 of Rule 8061 (8/19/2004) or Rule 8011 (8/19/2004). [District Rule 8061 and Rule 8011] Federally Enforceable Through Title V Permit
34. Any unpaved vehicle/equipment area that anticipates more than 50 Average annual daily Trips (AADT) shall comply with the requirements of Section 5.1.1 of District Rule 8071. Any unpaved vehicle/equipment area that anticipates more than 150 vehicle trips per day (VDT) shall comply with the requirements of Section 5.1.2 of District Rule 8071. On each day that 25 or more VDT with 3 or more axles will occur on an unpaved vehicle/equipment traffic area, the owner/operator shall comply with the requirements of Section 5.1.3 of District Rule 8071. On each day when a special event will result in 1,000 or more vehicles that will travel/park on an unpaved area, the owner/operator shall comply with the requirements of Section 5.1.4 of District Rule 8071. All sources shall comply with the requirements of Section 5.0 of District Rule 8071 unless specifically exempted under Section 4.0 of Rule 8071 (9/16/2004) or Rule 8011 (8/19/2004). [District Rule 8071 and Rule 8011] Federally Enforceable Through Title V Permit
35. Any owner or operator of a demolition or renovation activity, as defined in 40 CFR 61.141, shall comply with the applicable inspection, notification, removal, and disposal procedures for asbestos containing materials as specified in 40 CFR 61.145 (Standard for Demolition and Renovation). [40 CFR 61 Subpart M] Federally Enforceable Through Title V Permit

FACILITY-WIDE REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

36. The permittee shall submit certifications of compliance with the terms and standards contained in Title V permits, including emission limits, standards and work practices, to the District and the EPA annually (or more frequently as specified in an applicable requirement or as specified by the District). The certification shall include the identification of each permit term or condition, the compliance status, whether compliance was continuous or intermittent, the methods used for determining the compliance status, and any other facts required by the District to determine the compliance status of the source. [District Rule 2520, 9.16] Federally Enforceable Through Title V Permit
37. The permittee shall submit an application for Title V permit renewal to the District at least six months, but not greater than 18 months, prior to the permit expiration date. [District Rule 2520, 5.2] Federally Enforceable Through Title V Permit
38. When a term is not defined in a Title V permit condition, the definition in the rule cited as the origin and authority for the condition in a Title V permits shall apply. [District Rule 2520, 9.1.1] Federally Enforceable Through Title V Permit
39. Compliance with permit conditions in the Title V permit shall be deemed in compliance with the following outdated SIP requirements: Rule 401 (San Joaquin), Rule 110 (San Joaquin), and Rule 202 (San Joaquin). A permit shield is granted from these requirements. [District Rule 2520, 13.2] Federally Enforceable Through Title V Permit
40. Compliance with permit conditions in the Title V permit shall be deemed in compliance with the following applicable requirements: SJVUAPCD Rules 1100, sections 6.1 and 7.0 (12/17/92); 2010, sections 3.0 and 4.0 (12/17/92); 2031 (12/17/92); 2040 (12/17/92); 2070, section 7.0 (12/17/92); 2080 (12/17/92); 4101 (2/17/05); 4601 (12/17/09); 8021 (8/19/2004); 8031 (8/19/2004); 8041 (8/19/2004); 8051 (8/19/2004); 8061 (8/19/2004); and 8071 (9/16/2004). A permit shield is granted from these requirements. [District Rule 2520, 13.2] Federally Enforceable Through Title V Permit
41. No air contaminant shall be released into the atmosphere which causes a public nuisance. [District Rule 4102]
42. On December 31, 2012, the initial Title V permit was issued. The reporting periods for the Report of Required Monitoring and the Compliance Certification Report are based upon this initial permit issuance date, unless alternative dates are approved by the District Compliance Division. These reports are due within 30 days after the end of the reporting period. [District Rule 2520] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: N-3076-1-3

EXPIRATION DATE: 03/31/2017

EQUIPMENT DESCRIPTION:

LAVA TEX IOP MODEL 1L (MACHINE NO. 1) 100 LB CAPACITY PETROLEUM SOLVENT DRY CLEANING MACHINE AND TWO HOYT PETRO-MISER PET105 100 LB CAPACITY SOLVENT RECOVERY DRYERS.

PERMIT UNIT REQUIREMENTS

1. The solvent dry cleaning operation shall comply with District Rule 4672 (Petroleum Solvent Dry Cleaning Operations). [District Rule 4672] Federally Enforceable Through Title V Permit
2. Equipment shall not be operated if solvent liquid and/or vapor is leaking from any portion of the equipment. [District Rule 4672] Federally Enforceable Through Title V Permit
3. Solvents shall be stored in closed containers, except where closed containers are prohibited by law, regulation or fire control authority. [District Rule 4672] Federally Enforceable Through Title V Permit
4. All washer lint traps, button traps, access doors and other parts of the equipment where the solvent may be exposed to the atmosphere shall be kept closed at all times except as required for proper operation or maintenance. [District Rule 4672] Federally Enforceable Through Title V Permit
5. All wastes from dry cleaning facilities subject to Department of Health Services regulation shall be stored, transported and disposed of in accordance with Department of Health Services regulations. [District Rule 4672] Federally Enforceable Through Title V Permit
6. The used filter material shall be put in a sealed container immediately after removal from the filter, unless the dry cleaning system is equipped with either cartridge filters containing paper or carbon or a combination thereof, or reduce the petroleum solvent content in all filtration wastes to one (1) kilogram or less per 100 kilograms dry weight of articles dry cleaned, before disposal, and exposure to the atmosphere. [District Rule 4672] Federally Enforceable Through Title V Permit
7. Used filter material containing paper or carbon or a combination thereof shall be fully drained in a sealed filter housing for at least 24 hours before being discarded, or 12 hours if the filter is dried in a dryer vented to an emission control device, or put in a sealed container immediately after removal from the filter. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
8. A clearly visible label specifying leak inspection and repair cycle information for petroleum solvent dryer shall be posted in accordance with Section 5.6 of District Rule 4672. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
9. Articles which have been cleaned shall be transferred to the dryers within five (5) minutes after they are received from the washer, or shall be stored in closed transfer carts. [District Rule 4672] Federally Enforceable Through Title V Permit
10. The solvent recovery dryers shall recover at least 90 percent of petroleum solvent by weight. [District Rules 2201 and 4672] Federally Enforceable Through Title V Permit
11. The flow rate of recovered solvent from the solvent recovery dryers at the termination of the recovery cycle shall not exceed 0.05 liters per minute. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

12. VOC emissions shall not exceed 41.1 pounds in any one day. [District Rule 2201] Federally Enforceable Through Title V Permit
13. Facility-wide VOC emissions from this facility shall not exceed 61,550 pounds during any rolling 12-month period. [District Rule 2201] Federally Enforceable Through Title V Permit
14. Each vapor condenser serving the solvent recovery dryers shall be equipped with an operational temperature gauge to measure the exhaust gas temperature of the condenser. The gauge shall be maintained in good working condition at all times and shall be located in an easily accessible location. [40 CFR Part 64] Federally Enforceable Through Title V Permit
15. When the solvent recovery dryer is operating, the vapor condenser shall operate at a minimum exhaust gas temperature of 85 degrees Fahrenheit and a maximum exhaust gas temperature of 92 degrees Fahrenheit. During each day of operation, the permittee shall record the condenser exhaust gas temperature and compare the readings with the permitted range. Upon detecting any excursion from the permitted condenser exhaust gas temperature, the permittee shall investigate the excursion and take corrective action to minimize excessive emissions and prevent recurrence of the excursion as expeditiously as practicable. [40 CFR Part 64] Federally Enforceable Through Title V Permit
16. The permittee shall comply with the compliance assurance monitoring and maintenance requirements of 40 CFR Part 64.7. [40 CFR Part 64.7] Federally Enforceable Through Title V Permit
17. If the District or EPA determine that a Quality Improvement Plan is required under 40 CFR 64.7(d)(2), the permittee shall develop and implement the Quality Improvement Plan in accordance with 40 CFR Part 64.8. [40 CFR 64.8] Federally Enforceable Through Title V Permit
18. The permittee shall comply with all recordkeeping and reporting requirements of 40 CFR Part 64.9. [40 CFR Part 64.9] Federally Enforceable Through Title V Permit
19. Records shall be maintained of purchase and actual usage of petroleum solvent used, pre-washed weight of articles cleaned per load, and the amount of volatile organic compounds contained in the filtration waste material per 100 kilograms dry weight of articles dry cleaned. [District Rule 4672]
20. The permittee shall maintain records of the daily VOC emissions from this dry cleaning machine. [District Rule 2201] Federally Enforceable Through Title V Permit
21. The permittee shall maintain a record of the rolling 12-month summary of actual VOC emissions from all permitted operations. At a minimum, this record shall be updated on a monthly basis. [District Rule 2201] Federally Enforceable Through Title V Permit
22. All records shall be retained on-site for a minimum of five years and made available for District inspection upon request. [District Rules 2520 and 4672] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

1. The solvent dry cleaning operation shall comply with District Rule 4672 (Petroleum Solvent Dry Cleaning Operations). [District Rule 4672] Federally Enforceable Through Title V Permit
2. Equipment shall not be operated if solvent liquid and/or vapor is leaking from any portion of the equipment. [District Rule 4672] Federally Enforceable Through Title V Permit
3. Solvents shall be stored in closed containers, except where closed containers are prohibited by law, regulation or fire control authority. [District Rule 4672] Federally Enforceable Through Title V Permit
4. All washer lint traps, button traps, access doors and other parts of the equipment where the solvent may be exposed to the atmosphere shall be kept closed at all times except as required for proper operation or maintenance. [District Rule 4672] Federally Enforceable Through Title V Permit
5. All wastes from dry cleaning facilities subject to Department of Health Services regulation shall be stored, transported and disposed of in accordance with Department of Health Services regulations. [District Rule 4672] Federally Enforceable Through Title V Permit
6. The used filter material shall be put in a sealed container immediately after removal from the filter, unless the dry cleaning system is equipped with either cartridge filters containing paper or carbon or a combination thereof, or reduce the petroleum solvent content in all filtration wastes to one (1) kilogram or less per 100 kilograms dry weight of articles dry cleaned, before disposal, and exposure to the atmosphere. [District Rule 4672] Federally Enforceable Through Title V Permit
7. Used filter material containing paper or carbon or a combination thereof shall be fully drained in a sealed filter housing for at least 24 hours before being discarded, or 12 hours if the filter is dried in a dryer vented to an emission control device, or put in a sealed container immediately after removal from the filter. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
8. A clearly visible label specifying leak inspection and repair cycle information for petroleum solvent dryer shall be posted in accordance with Section 5.6 of District Rule 4672. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
9. Articles which have been cleaned shall be transferred to the dryers within five (5) minutes after they are received from the washer, or shall be stored in closed transfer carts. [District Rule 4672] Federally Enforceable Through Title V Permit
10. The solvent recovery dryers shall recover at least 90 percent of petroleum solvent by weight. [District Rules 2201 and 4672] Federally Enforceable Through Title V Permit
11. The flow rate of recovered solvent from the solvent recovery dryers at the termination of the recovery cycle shall not exceed 0.05 liters per minute. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

12. VOC emissions shall not exceed 41.1 pounds in any one day. [District Rule 2201] Federally Enforceable Through Title V Permit
13. Facility-wide VOC emissions from this facility shall not exceed 61,550 pounds during any rolling 12-month period. [District Rule 2201] Federally Enforceable Through Title V Permit
14. Each vapor condenser serving the solvent recovery dryers shall be equipped with an operational temperature gauge to measure the exhaust gas temperature of the condenser. The gauge shall be maintained in good working condition at all times and shall be located in an easily accessible location. [40 CFR Part 64] Federally Enforceable Through Title V Permit
15. When the solvent recovery dryer is operating, the vapor condenser shall operate at a minimum exhaust gas temperature of 85 degrees Fahrenheit and a maximum exhaust gas temperature of 92 degrees Fahrenheit. During each day of operation, the permittee shall record the condenser exhaust gas temperature and compare the readings with the permitted range. Upon detecting any excursion from the permitted condenser exhaust gas temperature, the permittee shall investigate the excursion and take corrective action to minimize excessive emissions and prevent recurrence of the excursion as expeditiously as practicable. [40 CFR Part 64] Federally Enforceable Through Title V Permit
16. The permittee shall comply with the compliance assurance monitoring and maintenance requirements of 40 CFR Part 64.7. [40 CFR Part 64.7] Federally Enforceable Through Title V Permit
17. If the District or EPA determine that a Quality Improvement Plan is required under 40 CFR 64.7(d)(2), the permittee shall develop and implement the Quality Improvement Plan in accordance with 40 CFR Part 64.8. [40 CFR 64.8] Federally Enforceable Through Title V Permit
18. The permittee shall comply with all recordkeeping and reporting requirements of 40 CFR Part 64.9. [40 CFR Part 64.9] Federally Enforceable Through Title V Permit
19. Records shall be maintained of purchase and actual usage of petroleum solvent used, pre-washed weight of articles cleaned per load, and the amount of volatile organic compounds contained in the filtration waste material per 100 kilograms dry weight of articles dry cleaned. [District Rule 4672]
20. The permittee shall maintain records of the daily VOC emissions from this dry cleaning machine. [District Rule 2201] Federally Enforceable Through Title V Permit
21. The permittee shall maintain a record of the rolling 12-month summary of actual VOC emissions from all permitted operations. At a minimum, this record shall be updated on a monthly basis. [District Rule 2201] Federally Enforceable Through Title V Permit
22. All records shall be retained on-site for a minimum of five years and made available for District inspection upon request. [District Rules 2520 and 4672] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate..

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: N-3076-3-3

EXPIRATION DATE: 03/31/2017

EQUIPMENT DESCRIPTION:

LAVA TEX IOP MODEL 3L (MACHINE NO. 3) 100 LB CAPACITY PETROLEUM SOLVENT DRY CLEANING MACHINE AND TWO HOYT PETRO-MISER PET105 100 LB CAPACITY SOLVENT RECOVERY DRYERS.

PERMIT UNIT REQUIREMENTS

1. The solvent dry cleaning operation shall comply with District Rule 4672 (Petroleum Solvent Dry Cleaning Operations). [District Rule 4672] Federally Enforceable Through Title V Permit
2. Equipment shall not be operated if solvent liquid and/or vapor is leaking from any portion of the equipment. [District Rule 4672] Federally Enforceable Through Title V Permit
3. Solvents shall be stored in closed containers, except where closed containers are prohibited by law, regulation or fire control authority. [District Rule 4672] Federally Enforceable Through Title V Permit
4. All washer lint traps, button traps, access doors and other parts of the equipment where the solvent may be exposed to the atmosphere shall be kept closed at all times except as required for proper operation or maintenance. [District Rule 4672] Federally Enforceable Through Title V Permit
5. All wastes from dry cleaning facilities subject to Department of Health Services regulation shall be stored, transported and disposed of in accordance with Department of Health Services regulations. [District Rule 4672] Federally Enforceable Through Title V Permit
6. The used filter material shall be put in a sealed container immediately after removal from the filter, unless the dry cleaning system is equipped with either cartridge filters containing paper or carbon or a combination thereof, or reduce the petroleum solvent content in all filtration wastes to one (1) kilogram or less per 100 kilograms dry weight of articles dry cleaned, before disposal, and exposure to the atmosphere. [District Rule 4672] Federally Enforceable Through Title V Permit
7. Used filter material containing paper or carbon or a combination thereof shall be fully drained in a sealed filter housing for at least 24 hours before being discarded, or 12 hours if the filter is dried in a dryer vented to an emission control device, or put in a sealed container immediately after removal from the filter. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
8. A clearly visible label specifying leak inspection and repair cycle information for petroleum solvent dryer shall be posted in accordance with Section 5.6 of District Rule 4672. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
9. Articles which have been cleaned shall be transferred to the dryers within five (5) minutes after they are received from the washer, or shall be stored in closed transfer carts. [District Rule 4672] Federally Enforceable Through Title V Permit
10. The solvent recovery dryers shall recover at least 90 percent of petroleum solvent by weight. [District Rules 2201 and 4672] Federally Enforceable Through Title V Permit
11. The flow rate of recovered solvent from the solvent recovery dryers at the termination of the recovery cycle shall not exceed 0.05 liters per minute. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

12. VOC emissions shall not exceed 41.1 pounds in any one day. [District Rule 2201] Federally Enforceable Through Title V Permit
13. Facility-wide VOC emissions from this facility shall not exceed 61,550 pounds during any rolling 12-month period. [District Rule 2201] Federally Enforceable Through Title V Permit
14. Each vapor condenser serving the solvent recovery dryers shall be equipped with an operational temperature gauge to measure the exhaust gas temperature of the condenser. The gauge shall be maintained in good working condition at all times and shall be located in an easily accessible location. [40 CFR Part 64] Federally Enforceable Through Title V Permit
15. When the solvent recovery dryer is operating, the vapor condenser shall operate at a minimum exhaust gas temperature of 85 degrees Fahrenheit and a maximum exhaust gas temperature of 92 degrees Fahrenheit. During each day of operation, the permittee shall record the condenser exhaust gas temperature and compare the readings with the permitted range. Upon detecting any excursion from the permitted condenser exhaust gas temperature, the permittee shall investigate the excursion and take corrective action to minimize excessive emissions and prevent recurrence of the excursion as expeditiously as practicable. [40 CFR Part 64] Federally Enforceable Through Title V Permit
16. The permittee shall comply with the compliance assurance monitoring and maintenance requirements of 40 CFR Part 64.7. [40 CFR Part 64.7] Federally Enforceable Through Title V Permit
17. If the District or EPA determine that a Quality Improvement Plan is required under 40 CFR 64.7(d)(2), the permittee shall develop and implement the Quality Improvement Plan in accordance with 40 CFR Part 64.8. [40 CFR 64.8] Federally Enforceable Through Title V Permit
18. The permittee shall comply with all recordkeeping and reporting requirements of 40 CFR Part 64.9. [40 CFR Part 64.9] Federally Enforceable Through Title V Permit
19. Records shall be maintained of purchase and actual usage of petroleum solvent used, pre-washed weight of articles cleaned per load, and the amount of volatile organic compounds contained in the filtration waste material per 100 kilograms dry weight of articles dry cleaned. [District Rule 4672]
20. The permittee shall maintain records of the daily VOC emissions from this dry cleaning machine. [District Rule 2201] Federally Enforceable Through Title V Permit
21. The permittee shall maintain a record of the rolling 12-month summary of actual VOC emissions from all permitted operations. At a minimum, this record shall be updated on a monthly basis. [District Rule 2201] Federally Enforceable Through Title V Permit
22. All records shall be retained on-site for a minimum of five years and made available for District inspection upon request. [District Rules 2520 and 4672] Federally Enforceable Through Title V Permit

16. The permittee shall comply with the compliance assurance monitoring and maintenance requirements of 40 CFR Part 64.7. [40 CFR Part 64.7] Federally Enforceable Through Title V Permit
17. If the District or EPA determine that a Quality Improvement Plan is required under 40 CFR 64.7(d)(2), the permittee shall develop and implement the Quality Improvement Plan in accordance with 40 CFR Part 64.8. [40 CFR 64.8] Federally Enforceable Through Title V Permit
18. The permittee shall comply with all recordkeeping and reporting requirements of 40 CFR Part 64.9. [40 CFR Part 64.9] Federally Enforceable Through Title V Permit
19. Records shall be maintained of purchase and actual usage of petroleum solvent used, pre-washed weight of articles cleaned per load, and the amount of volatile organic compounds contained in the filtration waste material per 100 kilograms dry weight of articles dry cleaned. [District Rule 4672]
20. The permittee shall maintain records of the daily VOC emissions from this dry cleaning machine. [District Rule 2201] Federally Enforceable Through Title V Permit
21. The permittee shall maintain a record of the rolling 12-month summary of actual VOC emissions from all permitted operations. At a minimum, this record shall be updated on a monthly basis. [District Rule 2201] Federally Enforceable Through Title V Permit
22. All records shall be retained on-site for a minimum of five years and made available for District inspection upon request. [District Rules 2520 and 4672] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: N-3076-5-3

EXPIRATION DATE: 03/31/2017

EQUIPMENT DESCRIPTION:

OMEGA MODEL CEHD-100-SL-3 CLOSED-LOOP DRY-TO- DRY DRY SOLV DRY CLEANING MACHINE WITH A REFRIGERATED VAPOR CONDENSER AND A CARBON ADSORBER.

PERMIT UNIT REQUIREMENTS

1. The solvent dry cleaning operation shall comply with District Rule 4672 (Petroleum Solvent Dry Cleaning Operations). [District Rule 4672] Federally Enforceable Through Title V Permit
2. Equipment shall not be operated if solvent liquid and/or vapor is leaking from any portion of the equipment. [District Rule 4672] Federally Enforceable Through Title V Permit
3. Solvents shall be stored in closed containers, except where closed containers are prohibited by law, regulation or fire control authority. [District Rule 4672] Federally Enforceable Through Title V Permit
4. All washer lint traps, button traps, access doors and other parts of the equipment where the solvent may be exposed to the atmosphere shall be kept closed at all times except as required for proper operation or maintenance. [District Rule 4672] Federally Enforceable Through Title V Permit
5. All wastes from dry cleaning facilities subject to Department of Health Services regulation shall be stored, transported and disposed of in accordance with Department of Health Services regulations. [District Rule 4672] Federally Enforceable Through Title V Permit
6. The used filter material shall be put in a sealed container immediately after removal from the filter, unless the dry cleaning system is equipped with either cartridge filters containing paper or carbon or a combination thereof; or reduce the petroleum solvent content in all filtration wastes to one (1) kilogram or less per 100 kilograms dry weight of articles dry cleaned, before disposal, and exposure to the atmosphere. [District Rule 4672] Federally Enforceable Through Title V Permit
7. Used filter material containing paper or carbon or a combination thereof shall be fully drained in a sealed filter housing for at least 24 hours before being discarded, or 12 hours if the filter is dried in a dryer vented to an emission control device, or put in a sealed container immediately after removal from the filter. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
8. A clearly visible label specifying leak inspection and repair information for petroleum solvent dryer shall be posted in accordance with Section 5.6 of District Rule 4672. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
9. Articles which have been cleaned shall be transferred to the dryers within five (5) minutes after they are received from the washer, or shall be stored in closed transfer carts. [District Rule 4672] Federally Enforceable Through Title V Permit
10. All exhaust gases from drying tumblers, washers, and cabinets are vented through a refrigerated vapor condenser and a carbon absorber, which reduces the total emissions of petroleum solvent vapors by at least 90 percent by weight. [District Rules 2201 and 4672] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

11. The flow rate of recovered solvent from the solvent recovery dryer at the termination of the recovery cycle shall not exceed 0.05 liters per minute. [District Rule 4672 and 40 CFR Part 60 Subpart JJJ] Federally Enforceable Through Title V Permit
12. Only Drysolv solvent (dry cleaning fluid) shall be used. [District Rule 2201 & CH&SC 41700] Federally Enforceable Through Title V Permit
13. The VOC emission rate shall not exceed 57.1 lbs. in any one day. [District Rule 2201] Federally Enforceable Through Title V Permit
14. Facility-wide VOC emissions from this facility shall not exceed 61,550 pounds during any rolling 12-month period. [District Rule 2201] Federally Enforceable Through Title V Permit
15. The vapor condenser serving the dry cleaning machine shall be equipped with an operational temperature gauge to measure the exhaust gas temperature of the condenser. The gauge shall be maintained in good working condition at all times and shall be located in an easily accessible location. [40 CFR Part 64] Federally Enforceable Through Title V Permit
16. When the dry cleaning machine is operating, the vapor condenser shall operate at a maximum exhaust gas temperature of 45 degrees Fahrenheit. During each drying cycle, the permittee shall record the condenser exhaust gas temperature and compare the readings with the permitted maximum limit. Upon detecting any exceedance from the permitted maximum condenser exhaust gas temperature, the permittee shall investigate the exceedance and take corrective action to minimize excessive emissions and prevent recurrence of the excursion as expeditiously as practicable. [40 CFR Part 64] Federally Enforceable Through Title V Permit
17. The carbon adsorption system shall be equipped with an operation steam pressure gauge to indicate the steam pressure (in pounds per square inch) used during the carbon canister regeneration cycle. The gauge shall be maintained in good working condition at all times and shall be located in an easily accessible location. [40 CFR Part 64] Federally Enforceable Through Title V Permit
18. During the carbon canister regeneration cycle, the minimum steam pressure used to regenerate the carbon canister shall not be less than 8 pounds per square inches. The complete carbon regeneration cycle time shall be no less than 58 minutes and the carbon canister shall be regenerated no less than once every six loads of garments cleaned. During each carbon regeneration cycle, the permittee shall record the steam pressure (in pounds per square inch), number of loads of garments cleaned between each carbon regeneration cycle, and total time of the carbon regeneration cycle (in minutes). Upon detecting any excursion from these requirements, the permittee shall investigate the excursion and take corrective action to minimize excessive emissions and prevent recurrence of the excursion as expeditiously as practicable. [40 CFR Part 64] Federally Enforceable Through Title V Permit
19. The permittee shall comply with the compliance assurance monitoring and maintenance requirements of 40 CFR Part 64.7. [40 CFR Part 64.7] Federally Enforceable Through Title V Permit
20. If the District or EPA determine that a Quality Improvement Plan is required under 40 CFR 64.7(d)(2), the permittee shall develop and implement the Quality Improvement Plan in accordance with 40 CFR Part 64.8. [40 CFR 64.8] Federally Enforceable Through Title V Permit
21. The permittee shall comply with all recordkeeping and reporting requirements of 40 CFR Part 64.9. [40 CFR Part 64.9] Federally Enforceable Through Title V Permit
22. Records shall be maintained of purchase and actual usage of Drysolv solvent used, pre-washed weight of articles cleaned per load, and the amount of volatile organic compounds contained in the filtration waste material per 100 kilograms dry weight of articles dry cleaned. [District Rule 4672]
23. The permittee shall maintain records of the daily VOC emissions from this dry cleaning machine. [District Rule 2201] Federally Enforceable Through Title V Permit
24. The permittee shall maintain a record of the rolling 12-month summary of actual VOC emissions from all permitted operations. At a minimum, this record shall be updated on a monthly basis. [District Rule 2201] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

25. All records shall be retained on-site for a minimum of five years and made available for District inspection upon request. [District Rules 2520 and 4672] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: N-3076-6-3

EXPIRATION DATE: 03/31/2017

EQUIPMENT DESCRIPTION:

LEATHER GARMENTS RECONDITIONING AND DYEING OPERATION SERVED BY AN AIR FILTRATION MODEL BF-108 SPRAY BOOTH.

PERMIT UNIT REQUIREMENTS

1. Exhaust fans shall be switched on prior to the start of spraying operations. [District Rule 2201] Federally Enforceable Through Title V Permit
2. All filters shall be maintained in good working order. [District Rule 2201] Federally Enforceable Through Title V Permit
3. The particulate matter emissions from the stack of the spray booth shall not exceed 0.1 gr/scf and there shall be no visible emissions. [District Rules 4101 and 4201] Federally Enforceable Through Title V Permit
4. The operator shall store and dispose of fresh or spent solvents and waste solvent cleaning materials such as cloth, paper, etc. in closed, non-absorbent and non-leaking containers. The containers shall remain closed at all times except when depositing or removing material or when it is empty. [District Rules 2201 and 4661] Federally Enforceable Through Title V Permit
5. All waste containing solvents shall be disposed of at a permitted hazardous waste disposal facility. [District Rule 2201] Federally Enforceable Through Title V Permit
6. Permittee shall comply with the requirements of Rule 4663 (Organic Solvent Cleaning, Storage, and Disposal) when performing organic solvent cleaning, storage and disposal of organic solvents and waste solvent materials, coatings, adhesives, catalysts, and thinners. [District Rule 4661] Federally Enforceable Through Title V Permit
7. VOC emission rate shall not exceed 11.2 pounds in any one day. [District Rules 2201 and 4661] Federally Enforceable Through Title V Permit
8. Facility-wide VOC emissions from this facility shall not exceed 61,550 pounds during any rolling 12-month period. [District Rule 2201] Federally Enforceable Through Title V Permit
9. The operator shall maintain a list of each solvent in use, and of the VOC content of each solvent, in lb/gal. [District Rule 4661] Federally Enforceable Through Title V Permit
10. The operator shall keep the following daily usage records: (1) Material name, (2) Volume of each material used, (3) The name and the volume of each solvent, catalyst or thinner added to the material (4) When the material is a mixture of different materials that are blended by the operator, the mix ratio of the batch shall be recorded and the VOC content of the batch shall be calculated and recorded in order to determine compliance with the VOC emission limits. [District Rule 4661] Federally Enforceable Through Title V Permit
11. The permittee shall maintain records of the daily VOC emissions from this operation. [District Rule 2201] Federally Enforceable Through Title V Permit
12. The permittee shall maintain a record of the rolling 12-month summary of actual VOC emissions from all permitted operations. At a minimum, this record shall be updated on a monthly basis. [District Rule 2201] Federally Enforceable Through Title V Permit

PERMIT UNIT REQUIREMENTS CONTINUE ON NEXT PAGE

These terms and conditions are part of the Facility-wide Permit to Operate.

13. All records shall be retained on site for a period of at least 5 years and shall be made available to APCO, ARB and EPA upon request. [District Rules 2201 and 4661] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.

San Joaquin Valley Air Pollution Control District

PERMIT UNIT: N-3076-7-2

EXPIRATION DATE: 03/31/2017

EQUIPMENT DESCRIPTION:

SPOTTING BOARDS AND SPOTTING SINK FOR A DRY CLEANING OPERATION.

PERMIT UNIT REQUIREMENTS

1. The operator shall store and dispose of fresh or spent solvents and waste solvent cleaning materials such as cloth, paper, etc. in closed, non-absorbent and non-leaking containers. The containers shall remain closed at all times except when depositing or removing material or when it is empty. [District Rules 2201 and 4661] Federally Enforceable Through Title V Permit
2. All waste containing solvents shall be disposed of at a permitted hazardous waste disposal facility. [District Rule 2201] Federally Enforceable Through Title V Permit
3. Permittee shall comply with the requirements of Rule 4663 (Organic Solvent Cleaning, Storage, and Disposal) when performing organic solvent cleaning, storage and disposal of organic solvents and waste solvent materials, coatings, adhesives, catalysts, and thinners. [District Rule 4661] Federally Enforceable Through Title V Permit
4. VOC emission rate shall not exceed 3.6 pounds in any one day. [District Rules 2201 and 4661]
5. Facility-wide VOC emissions from this facility shall not exceed 61,550 pounds during any rolling 12-month period. [District Rule 2201]
6. The operator shall maintain a list of each solvent in use, and of the VOC content of each solvent, in lb/gal. [District Rule 4661] Federally Enforceable Through Title V Permit
7. The operator shall keep the following daily usage records: (1) Material name, (2) Volume of each material used, (3) The name and the volume of each solvent, catalyst or thinner added to the material (4) When the material is a mixture of different materials that are blended by the operator, the mix ratio of the batch shall be recorded and the VOC content of the batch shall be calculated and recorded in order to determine compliance with the VOC emission limits. [District Rules 2201 and 4661] Federally Enforceable Through Title V Permit
8. The permittee shall maintain a record of the rolling 12-month summary of actual VOC emissions from all permitted operations. At a minimum, this record shall be updated on a monthly basis. [District Rule 2201] Federally Enforceable Through Title V Permit
9. All records shall be retained on site for a period of at least 5 years and shall be made available to APCO, ARB and EPA upon request. [District Rules 2201 and 4661] Federally Enforceable Through Title V Permit

These terms and conditions are part of the Facility-wide Permit to Operate.
