**NOTICE OF FINAL ACTION
FOR THE ISSUANCE OF
AUTHORITY TO CONSTRUCT PERMITS**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued the Authority to Construct permits to Olam West Coast, Inc. for modifications to the existing vegetable dehydrating facility, at 47641 W. Nees, Firebaugh.

All comments received following the District's preliminary decision on this project were considered.

Comments received by the District during the public notice period resulted in typographical corrections to permit conditions. These changes were minor and did not trigger additional public notification requirements, nor did they have any impact upon the Best Available Control Technology determination or on the amount of offsets required for project approval.
