Newspaper notice for publication in Bakersfield Californian and for posting on
valleyair.org

**NOTICE OF FINAL ACTION
FOR THE ISSUANCE OF
EMISSION REDUCTION CREDITS**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued Emission Reduction Credits (ERCs) to Rio Bravo Jasmin for emission reduction generated by shutdown of a solid fuel-fired cogeneration unit, at 11258 Porterville Highway, Bakersfield. The quantity of ERCs to be issued is 238,508 lb-NOx/yr, 75,204 lb-SOx/yr, 20,303 lb-PM10/yr, 165,925 lb-CO/yr, and 913 lb-VOC/yr.

All comments received following the District's preliminary decision on this project were considered.

Comments received by the District during the public notice period resulted in changes in the quantity of ERCs banked for NOx and CO after correction of calculation errors . These changes were minor and did not affect the basis for issuance of the above referenced ERCs.

The application review for Project #S-1153637 is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm, the SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT, 34946 FLYOVER COURT, BAKERSFIELD, CA 93308, and at any other District office. For additional information, please contact the District at (661) 392-5500.
