MANDATED OPERATING PERMIT**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued the Authority to Construct permit to DTE Stockton, LLC for a biomass-fired boiler, at 2526 W Washington Street in Stockton, CA.

All comments received following the District's preliminary decision on this project were considered.

Comments received by the District during the public notice period resulted in revisions to the HCI monitoring requirements. These changes were minor and did not trigger additional public notification requirements, nor did they have any impact upon the Best Available Control Technology determination or on the amount of offsets required for project approval.

The application review, project #1142618, is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm, the SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT, 4800 ENTERPRISE WAY, MODESTO, CA 95356, and at any other District office.
