

**NOTICE OF FINAL DECISION
FOR THE ISSUANCE OF AUTHORITY TO CONSTRUCT AND
SIGNIFICANT MODIFICATION OF FEDERALLY
MANDATED OPERATING PERMIT**

NOTICE IS HEREBY GIVEN that the San Joaquin Valley Air Pollution Control District has made its final decision to issue an Authority to Construct to Golden State Vintners at 7409 W Central Ave in Fresno, CA, California. The modifications consist of limiting gasoline throughput not to exceed 18,000 gallon per year in order to be exempt from California Air Resource Board's (CARB's) Phase I Enhanced Vapor Recovery (EVR) upgrade requirements and changing testing frequency of the Dynamic Back Pressure Test (TP-201.4) from once every 12 months to once every 5 years.

No comments were received following the District's preliminary decision on this project.

The application review, project #C-1160721, is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm, the SAN JOAQUIN VALLEY AIR POLLUTION CONTROL DISTRICT, 1990 EAST GETTYSBURG AVENUE, FRESNO, CA 93726, and at any other District office. For additional information, please contact the District at (559) 230-6000.
