AUTHORITY TO CONSTRUCT PERMITS**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued the Authority to Construct permits to Bear Creek Winery for the installation of eight wine fermentation and storage tanks, at 11900 Furry Rd in Lodi, CA.

All comments received following the District's preliminary decision on this project were considered.

Comments received by the District during the public notice period resulted in revisions to the conditions relating to the Title V application requirements. These changes were minor and did not trigger additional public notification requirements, nor did they have any impact upon the Best Available Control Technology determination or on the amount of offsets required for project approval.
