SIGNIFICANT MODIFICATION OF FEDERALLY
MANDATED OPERATING PERMIT**

NOTICE IS HEREBY GIVEN that the Air Pollution Control Officer has issued the Authority to Construct permits to CBUS Ops Inc. (dba Woodbridge Winery) for the installation of 24 new 108,000 gallon wine fermentation and storage tanks, at 5950 E Woodbridge Road, Acampo, CA.

All comments received following the District's preliminary decision on this project were considered.

Comments received by the District during the public notice period resulted in revisions to the conditions relating to the Title V application requirements. These changes were minor and did not trigger additional public notification requirements, nor did they have any impact upon the Best Available Control Technology determination or on the amount of offsets required for project approval.

The application review, project #1143210, is available for public inspection at http://www.valleyair.org/notices/public_notices_idx.htm, the SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT, 1990 EAST GETTYSBURG AVENUE, FRESNO, CA 93726, and at any other District office. For additional information, please contact the District at (559) 230-6000.
