- Contractor is to be Licensed by the City of Tracy, or other major city in the area. Contractor is to have in force a valid contractors license issued by the State of California.
- Contractor is to be bonded and is to have general liability insurance for at least One Million Dollars for bodily or personal injuries or for property damage. Contractor is to have commercial automobile insurance, which covers bodily injury and property damage for at least One Million Dollars per occurrence, as well as Workers Compensation insurance in accordance with the California Labor Code. Proof of insurance will be required from contractor's carriers.
- Contractor will notify the District in advance of all sub-contractors that will be used on this job. The District reserves the right to accept or reject any of the sub-contracting firms. All sub-contractors must meet the same licensing and insurance requirements as listed above. The Contractor will assume full responsibility for the performance and quality of work of any sub-contractor it hires for this job.
- Work is to be performed according to the attached plans and specifications. It is recommended that references from similar jobs be supplied with this quotation. All work done must be to the satisfaction of the District, the FAA, the City of Tracy, the County of San Joaquin, the State of California, Pacific Gas and Electric, and Pacific Bell. Submission of a quotation indicates contractor has thoroughly examined this document, plus all attached plans and specifications, and agrees to provide materials and labor needed to satisfy them.

- Contractor is responsible for the timely coordination of permit inspections and other activities required by the Utilities and the City of Tracy. Should the contractor have difficulty in getting a prompt response from the Utilities or the City, the contact person below should be immediately called for assistance. Delays caused by the failure of the contractor to arrange these activities in a timely manner will not be excused. However, reasonable delays due to weather will be allowed if coordinated with the contact person. While the District took considerable effort to inform and obtain clearances in advance from the City and Utilities for this job, unforeseen circumstances may arise that would result in some delay. In this case allowances would be made.
- All quotes should reflect prevailing wage rates, and are to be presented in writing by the due date and time. Quotes may be mailed, presented in person or faxed (if followed with the original by mail). All quotes will be signed by an owner, officer or other authorized representative of the contractor. Please indicate a contact person to notify, along with telephone, cell phone or pager number to reach them at. The selected contractor will be notified by 5:00 PM of the next business day following the quotation due date listed above.
- The work completion date is critical to meet operational requirements. There will be no time extensions except as noted above.

The District reserves the right to reject any and all quotations.
