Subject: Land Use GHG Emission Reduction Measures

Patia,

These CEC-sponsored reports have relatively good electricity usage, and some natural gas usage, for the 2002-04 time frame. The values were reported by serving utility and in some other formats.

KEMA-XENERGY. 2006. California Statewide Residential Appliance Saturation Study Update to Air-Conditioning Unit Energy Consumption Estimates Using 2004 Billing Data. Prepared for California Energy Commission, CEC-400-2006-009. June.
