

Wrap-Up

***2003 Ozone Plan
Technical Issues Workshop
July 23, 2003***

Don Hunsaker

Status

- **Ozone Attainment Demonstration Plan (OADP)**
 - **Plan development awaits photochemical modeling results**
 - **Final Plan targeted for early 2004**
- **Option of combining request for Extreme status with the submittal of the OADP Plan is under consideration**
- **Control measure development proceeds**

Contacts

- **Ozone planning information:**
 - **Don Hunsaker, Valley Air District (Donald.Hunsaker@valleyair.org)**
 - **Ravi Ramalingam, California Air Resources Board (rramalin@arb.ca.gov)**
 - **David Wampler, U.S. Environ. Prot. Agency (wampler.david@epa.gov)**
- **Control measure information: George Heinen, Valley Air District (george.heinen@valleyair.org)**
- **Ozone modeling: Evan Shipp, Valley Air District (evan.shipp@valleyair.org)**
- **Local Government Control Measures: Cari Anderson, EarthMatters (canderson@earthmatters.net)**

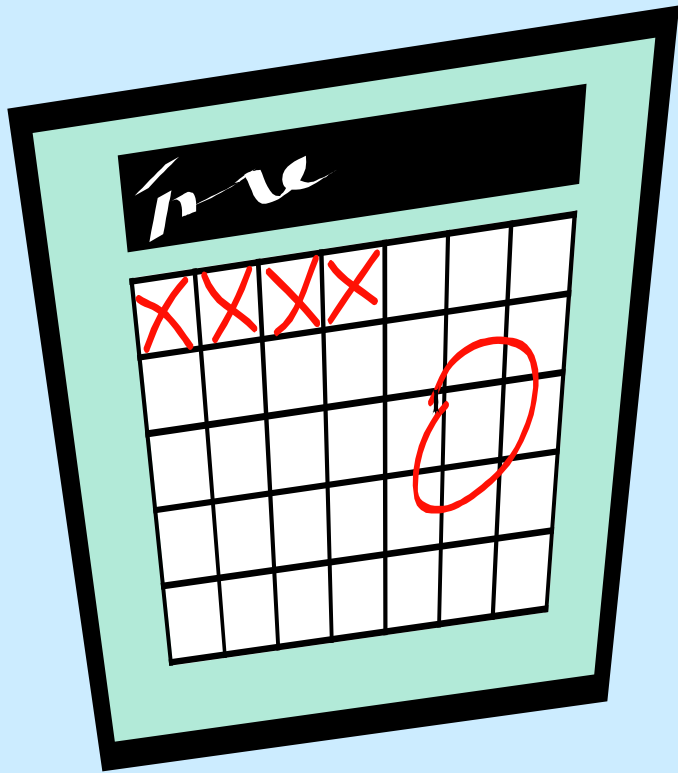

Resources

- [http://www.valleyair.org/Air Quality Plans/AQ plans Ozone.htm](http://www.valleyair.org/Air_Quality_Plans/AQ_plans_Ozone.htm) (District ozone planning)
- <http://www.arb.ca.gov/html/aqe&m.htm> (ARB air quality emissions/modeling)
- <http://www.epa.gov/ttn/naaqs/ozone/ozonetech/> (EPA ozone technical information)
- <http://www.arb.ca.gov/airways/CCOS/CCOS.htm> (Central California Ozone Study)

Next Workshop

- Next workshop is scheduled for the Oct.—Nov. 2003 timeframe
- Actual date will depend on availability of modeling results

Comments are welcome
