**SUMMARY OF SIGNIFICANT COMMENTS FOR  
RULE 4308 (BOILERS, STEAM GENERATORS, AND PROCESS HEATERS —  
0.075 MMBTU/HR TO LESS THAN 2.0 MMBTU/HR)**

The District will hold a public workshop to present, discuss, and hear comments on the draft rule and draft staff report on August 22, 2013. A two week comment period will follow the public workshop. Comments received during the workshop and during the commenting period following the workshop will be summarized and responded to within this appendix. The appendix will be posted on the District's website prior to the Governing Board hearing to consider adoption of the proposed amendments to Rule 4308.
