Agenda

CITIZENS ADVISORY COMMITTEE (CAC)

San Joaquin Valley Unified Air Pollution Control District
CENTRAL REGION OFFICE
Governing Board Room
1990 E. Gettysburg Avenue, Fresno, CA.

Tuesday, May 6, 2008

10:00 a.m.

The Citizens Advisory Committee Meeting will be held via video teleconference (VTC) in the following locations:

- Central Region Office (Governing Board Room, 1990 E. Gettysburg Avenue, Fresno)
- Southern Region Office (2700 M Street, VTC Room, Bakersfield)
- Northern Region Office (4800 Enterprise Way, VTC Room, Modesto).

The Citizens Advisory Committee meeting will be webcast.

All Meeting attendees are advised that all pagers, cellular telephones, laptops and any other electronic devices should be powered off upon entering the Governing Board Room or VTC Room, as these devices interfere with our audio equipment.

Any member of the public may address the Citizens Advisory Committee during both the public comment period and on any scheduled item on the agenda. Comments are limited to a maximum of three minutes per speaker unless, for good cause, the Chair grants a longer period of time.

1. CALL TO ORDER
2. ROLL CALL – Attachment: Attendance Record CAC Meeting of Tuesday, April 1, 2008
3. APPROVE MINUTES OF TUESDAY, APRIL 1, 2008
4. PUBLIC COMMENTS – *This time is made available for comments from the public on matters that are not on the Agenda. It is requested that no comments be made during this period on items on the Agenda. The public may make comments on each CAC Agenda Item during the time allowed for public comments. Attention is called to the fact that the CAC is prohibited by law from taking any action on matters discussed that are not on the Agenda.*

5. CHAIR COMMENTS
6. EXECUTIVE DIRECTOR/APCO COMMENTS
7. UPDATE: FAST TRACK TO ATTAINMENT
8. HEARING BOARD SUBCOMMITTEE RECOMMENDATIONS FOR SOUTHERN REGION HEARING BOARDS
9. RULES UNDER DEVELOPMENT – George Heinen, Rule Development Supervisor
10. TECHNICAL RULES SUBCOMMITTEE DISCUSSION
11. OUTREACH AND COMMUNICATIONS REPORT—Jaime Holt, Chief Communications Officer
12. ARB COMMENTS – Presented by ARB representative.
13. CAC MEMBER COMMENTS AND CAC SUGGESTIONS TO BE INCLUDED IN THE PRESENTATION OF THE CAC REPORT DURING THE GOVERNING BOARD MEETING ON THURSDAY, MAY 15, 2008
14. VOLUNTEER TO PRESENT CAC REPORT DURING GOVERNING BOARD MEETING, THURSDAY, MAY 15, 2008 AT 9:00 A.M.

NEXT MEETING – The next CAC Meeting is scheduled on Tuesday, June 3, 2008 (time to be determined by the Chair). Meeting held via video teleconference (VTC), with the Central Region Office (Fresno), the Northern Region Office (Modesto) and the Southern Region Office (Bakersfield) participating.

Action Summary Minutes
San Joaquin Valley Unified Air Pollution Control District
CITIZEN'S ADVISORY COMMITTEE

Central Region Office, Governing Board Room
1990 E. Gettysburg Avenue, Fresno, CA.

Tuesday, March 4, 2008
10:00 a.m.

*The Citizens Advisory Committee Meeting was held via video teleconference (VTC):
Central Region Office, Governing Board Room, 1990 E. Gettysburg Avenue,
Fresno, the Southern Region Office, VTC Room, 2700 M Street, Bakersfield and the
Northern Region Office, VTC Room, 4800 Enterprise Way, Modesto. The CAC
Meeting was webcast.*

1. CALL TO ORDER—The Chair, Mary-Michal Rawling, called the meeting to order at 10:02 a.m.

2. ROLL CALL—was taken and a quorum was present.

County	Member Name/Interest Group	Location
Fresno	Kevin Hamilton/EIG (P)	Central
	Amarpreet Dhaliwal/CIG (P)	Central
	Rico Aguayo/CIG (A)	Central
Kern	Dana Karcher/EIG (P)	Southern
	Brent Green/CIG (P)	Southern
Kings	Riley Jones/IAIG (P)	Central
	Dennis Tristao/CIG (P)	Central
Madera	Donald Horal/IAIG (P)	Central
	Merced	Charles Dodson/IAIG (P)
Merced	Mary-Michal Rawling/EIG (P)	Central
	Dean Wilson/CIG (P)	Central
	San Joaquin	Roger Hoffdahl/IAIG (A) *
Stanislaus	Randall Blank/CIG (A)	Northern
	Richard Gibson/EIG (P)	Northern
Tulare	David Harrald/IAIG (A)	Central
	Christine Foster/EIG (P)	Central

(P)=Primary, (A)=Alternate, IAIG=Industry/Ag Interest Group,
EIG=Environmental Interest Group, CIG=City Interest Group
*Arrived during item 6

Staff present in Central Region Office (Fresno)— Rick McVaigh, Deputy APCO; Jaime Holt, Chief Communications Officer; Scott Nester, Director of Planning; Errol Villegas, Planning Manager; Don Hunsaker, Supervising Air Quality Planner; Rich Burt, Communication

Systems Analyst; Angie DeSantiago, Operations Support Supervisor; and Toni Taber, Clerk to the Boards.

Staff present in the Northern Region Office (Modesto)—Dottie Schoffner, Senior Office Assistant; Karen Morris, Administrative Analyst II.

Staff present in the Southern Region Office (Bakersfield)—Nanette Manzo, Administrative Analyst II; Emily Gonzalez-Demont, Administrative Analyst II.

3. APPROVE MINUTES OF MARCH 4, 2008—The minutes were approved as submitted.
4. PUBLIC COMMENTS – There were no public comments.
5. CHAIR COMMENTS –There were no comments.
6. APPOINTMENT OF VICE-CHAIR – The Chair stated that the Environmental Interest Group elected a new Chair, Dana Karcher. The Vice-Chair of the CAC is the Chair of the Interest Group from which the Chair was appointed; therefore, Ms. Karcher is the new Vice Chair of the CAC.
7. APPOINT A TECHNICAL RULES SUBCOMMITTEE—The Chair stated the Environmental Interest Group was interested in the re-start of the Technical Rules Subcommittee, and she asked for comments. Dennis Tristao stated each CAC member should follow the Rules in which they are interested. Amarpreet Dhaliwal asked how much time the Subcommittee takes. The Chair stated two or three hours per month. Dean Wilson stated it is important to follow Rule Development. The Chair stated she felt a couple of representatives from each Interest Group would be appropriate. The Chair asked to add this to the Agenda next month for further discussion.
8. EXECUTIVE DIRECTOR/APCO COMMENTS—Rick McVaigh, Deputy APCO, presented the report. He stated Seyed Sadredin, Executive Director/APCO, was in Washington D.C. to help the Valley get its fair share of funding. He stated the District is looking for a \$10 million earmark, and is pursuing the development of an Air Quality Empowerment Zone that could potentially provide funding and benefits to improve air. He stated they are also pursuing incentive program funding in the Farm Bill and full funding of the Diesel Emission Reduction Program.

Mr. McVaigh stated the Proposition 1B funding requests for 2009 are due on April 4, 2008, and the Central Valley is due to receive \$250 million over the next four years. Additionally, the League of California Cities asked the District for assistance in appointing the City Members to the Governing Board. The District sent a letter to the LCC with possible rotation schedules of the City members, agreed to assist by notifying Cities when vacancies occur, and to

help Cities to agendaize the item. Mr. McVaigh thanked the CAC members who attended the Healthy Air Living Summits, and stated the turn out for the HAL summits was greater than expected, and participants gained a lot of information on how they can do their part to clean the air.

9. UPDATE: FAST TRACK TO ATTAINMENT – Rick McVaigh, Deputy APCO, presented the report. He stated the last Fast Track Task Force meeting was held on February 12, 2008. He stated the Community Clean Air Fund was presented to the Board in March, and the Board authorized the District to work with the Fresno Regional Foundation and other foundations. The funds will be dispersed through ERIP, and the Foundation will handle the inflow of funds. The next Fast Track meeting will be on April 22, 2008 at 1:30.

The Chair asked how often the Fast Track Task Force meets and how many people usually attend. Mr. McVaigh stated the Task Force usually meets for one-to-two hours, and 12-to-14 people usually attend.

10. DISCUSS AND TAKE A POSITION ON PROPOSED PM2.5 PLAN – Don Hunsaker, Supervising Air Quality Planner, presented the PowerPoint report. He noted the PM2.5 plan brings the entire Valley into attainment before 2015, and lays the groundwork for future technology development. He stated the 2008 PM2.5 Plan is required by EPA's first PM2.5 standard, set in 1997.

Some of the health effects outlined in the presentation include aggravated asthma, decreased lung function in children, irregular heartbeat and nonfatal heart attacks, chronic bronchitis, and more, for a total cost to the Valley of \$3.2 billion/year. Scott Nester, Director of Planning, presented how PM2.5 is formed. It is formed directly through emissions from cars and trucks, wood-burning stoves, and fires, or indirectly, through gases combining to form PM2.5. The District evaluated control measures from the 2007 Ozone Plan for opportunities for additional reductions. The District plans on feasibility studies, looking at further incentive programs, and innovative measures introduced by the Healthy Air Living program and Fast Track measures. Mr. Hunsaker noted that ARB's jurisdiction over the majority of NOx emissions means that ARB mobile source strategy is critical for attainment.

Kevin Hamilton asked why the Plan does not address the 2006 standard. Mr. Nester stated this Plan gets us 50% of the way to meeting the 2006 standard throughout the Valley

Mr. Hamilton asked why ammonia sources are not targeted more because ammonia pairs up with other gasses to become PM2.5. He asked if the District would control new ammonia sources. Mr. McVaigh stated that the science from air quality studies shows that NOx needs to be targeted. Mr. Nester stated controlling NOx will reduce Ammonium Nitrate, which is the primary source of PM2.5 in the Valley.

David Harrald noted the off-road Rules in place for his fleet are not feasible for his business.

Randall Blank asked for elaboration on Rules 4306 and 4307. Mr. Nester stated they are currently being workshopped and scheduled to go to the Board later this year.

The Chair asked about the contingency plans included in the Plan. Dr. Hunsaker stated the Plan includes contingency measures as required.

Mr. Wilson asked if there was an economic feasibility study for the Plan. Dr. Hunsaker stated the Rule development process looks at economic feasibility. Mr. Tristao stated he is concerned with the ARB modeling and is concerned that the District might misdirect funds based on incorrect modeling.

The CAC took no action on this item at the meeting.

11. HEARING BOARD SUBCOMMITTEE RECOMMENDATIONS FOR CENTRAL REGION AND SOUTHERN REGION HEARING BOARDS –David Harrald noted that he was contacted by and asked to postpone the Southern Region Hearing Board appointments.

Moved: Tristao Seconded

Ayes: Jones, Horal, Dodson, Hoffdahl, Harrald, Hamilton, Karcher, Rawling, Gibson, Foster, Dhaliwal, Green, Tristao, Wilson, Blank

Nays: None

Motion to approve appointments to Central Region Hearing Board and postpone appointments to Southern Region Hearing Board passes unanimously.

12. EJAG SUBCOMMITTEE—Jaime Holt, Chief Communication Officer, noted there are 14 applicants for 13 positions.
13. RULES UNDER DEVELOPMENT – Errol Villegas, Planning Manager, presented the report. Kevin Hamilton asked what the feedback from the public is on Rule 2201. Mr. McVaigh stated the workshop hasn't been held yet, but that the proposed changes are required due to our extreme classification. Mr. Tristao stated early achievement of the standard benefits all because of the savings in clean air fees.

14. OUTREACH AND COMMUNICATIONS REPORT—Jaime Holt, Chief Communications Officer presented the report. Ms. Holt stated the District exceeded their goals for the Healthy Air Living Summits. She stated the Clean Green Yard Machine program starts on April 22, 2008, and that there were 30 vouchers left for Wood Burning Stove replacements.
15. ARB COMMENTS – Jeff Lindberg, ARB Representative, presented the report. He noted ARB recommended the Valley be designated as non-attainment for the 2006 PM2.5 standard.
16. CAC MEMBER COMMENTS AND CAC SUGGESTIONS TO BE INCLUDED IN THE PRESENTATION OF THE CAC REPORT DURING THE GOVERNING BOARD MEETING ON WEDNESDAY APRIL 30, 2008—Mr. Hamilton stated he wanted some comment to the Board that the District will, whenever possible, identify resources for compliance with future standards. For example, if the District knows a new standard is coming, and a business approaches the District for incentive funds to replace equipment to meet the current standard, the District would inform them of the upcoming standard and provide incentive funds towards reaching the newer standard in place of the current.
17. VOLUNTEER TO PRESENT CAC REPORT DURING GOVERNING BOARD MEETING, WEDNESDAY APRIL 30, 2008 AT 9:00 A.M.—Christine Foster volunteered to present the report.

NEXT MEETING – The next CAC Meeting is scheduled on Tuesday, May 6, 2008 (time to be determined by the Chair). Meeting held via video teleconference (VTC), with the Central Region Office (Fresno), the Northern Region Office (Modesto) and the Southern Region Office (Bakersfield) participating.

**SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT
SUMMARY OF DRAFT RULES AND PLANS**

April 30, 2008

Copies of draft rules are available by calling (559) 230-6005 and on District's Website

www.valleyair.org/workshops/public_workshops_idx.htm

Staff contacts can be reached at (559) 230-6000

RULES AND PLANS ADOPTED IN MARCH 2008

NONE

RULES AND PLANS UNDER DEVELOPMENT

MARCH 2008

Rule 4320 (Advanced Emissions Reduction Option for Boilers, Steam Generators, and Process Heaters – Greater than 5.0 MMBtu/hr): New Rule 4320 would be developed to implement a NOx control measure commitment in the Ozone Plan, and a control measure in the District's draft PM2.5 Plan. Rule 4320 would apply to boilers, steam generators and process heaters with a total rated input greater than 5.0 MMBtu/hr. The new rule would establish NOx limits that are more stringent than currently required by Rule 4306 and add requirements to reduce PM10 and SO₂ emissions. Contact: Manuel Salinas. Status: Second Workshop and Socioeconomic Focus Group were held on March 17, 2008. Final workshop and Socioeconomic Impact Analysis Report presentation tentatively scheduled for May 2008. Governing Board Hearing: Third Quarter 2008

Rule 4307 (Boilers, Steam Generators, and Process Heaters - 2.0 MMBtu/hr to 5.0 MMBtu/hr): Amendments to Rule 4307 would implement a NOx control measure in the Ozone Plan and a control measure in the District's PM2.5 Plan that is currently under development. Amendments would remove the exemption for boilers, steam generator, and process heaters operated at public and private schools, Kindergarten to Grade 12, and require such units to comply with the rule. Additional amendments would require units in oilfields and refineries, and glycol dehydrators to meet the emission limits instead of just performing tune-ups, and would drop the low-use-unit's annual heat input limit from 5 billion Btu per year to 1.8 billion Btu per year. The amendments may also include requirements to control PM10 and SO₂ emissions. Contact: Manuel Salinas. Status: Second Workshop and Socioeconomic Focus Group were held on March 17, 2008. Final workshop and Socioeconomic Impact Analysis Report presentation tentatively scheduled for May 2008. Governing Board Hearing: Third Quarter 2008.

Rule 4607 (Graphic Arts): Amendments to Rule 4607 would implement a VOC control measure in the Ozone Plan. Amendments would lower the amount of allowable VOC emissions for exemption, increase the capture and control efficiency of VOC emission control system, reduce the VOC content of limits for flexographic printing, regulate the VOC emissions from digital printing process, and implement recently promulgated EPA Control Technique Guidelines RACT standards for paper, film and foil coatings. Contact: Anna Myers. Status: First Workshop was held on March 27, 2008. Second Workshop tentatively scheduled for June 2008. Governing Board Hearing: Fourth Quarter 2008.

**SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT
SUMMARY OF DRAFT RULES AND PLANS**

April 30, 2008

MARCH 2008 (continued)

Eight Hour Ozone Reasonably Available Control Technology - State Implementation Plan (RACT SIP) Analysis: This is a revision to the August 17, 2006 RACT SIP analysis. The revision assesses the District's rules based on the adjusted major source definition of 10 tons per year of volatile organic compounds and oxides of nitrogen. This analysis also evaluates District rules against four new Control Techniques Guidelines promulgated since August 2006 and includes RACT reviews for rules and rule amendments that were adopted since August 17, 2006. Contact: Ross Badertscher. Status: Draft staff report was made available for public comment in January of 2008. Staff is evaluating the comments received from stakeholders and EPA. Governing Board Hearing: Second Quarter 2008.

APRIL 2008

Rule 2201 (New and Modified Stationary Source Review Rule) and Rule 2530 (Federally Enforceable Potential to Emit): Amendments to Rules 2201 and 2530 will incorporate required changes resulting from the reclassification of the San Joaquin Valley's federal eight-hour ozone attainment status to extreme nonattainment (redefine major sources of NOx and VOC to ten tons per year, etc.). The potential impacts on the Annual Offset Equivalency Demonstration in Rule 2201 will also be considered. Contact: Carlos Garcia. Status: Scoping meeting is scheduled for April 23, 2008. Governing Board Hearing: September 2008.

Rule 4311 (Flares): Amendments to Rule 4311 would implement a NOx control measure in the Ozone Plan. Amendments would require operators to submit Flare Minimization Plans to reduce emissions from combustion of waste gases. Contact: Anna Myers. Status: Scoping Meeting is scheduled for May 1, 2008. Governing Board Hearing: Second Quarter 2009.

Rule 4354 (Glass Melting Furnaces): Amendments to Rule 4354 would implement a NOx control measure in the Ozone Plan. Amendments would lower existing NOx limits and establish new limits for SOx and PM2.5 emissions. Contact: Sandra Lowe Leseth. Status: Second Workshop and socioeconomic focus group meeting were held on February 8, 2008. Final Workshop will be scheduled in May 2008. Governing Board Hearing: Third Quarter 2008.

Rule 4566 (Organic Waste Operations): New Rule 4566 would implement a VOC Control Measure in the District's 2007 Ozone Plan. The rule would control VOC emissions from organic waste operations which include composting, chipping and grinding, landfilling, land applying, storing or stockpiling, direct feeding, and dehydration. Contact: Koshua Thao. Status: First Workshops were held on April 10 and 17, 2008. Governing Board Hearing: First Quarter 2009

Rule 7070 (Perchloroethylene from Dry Cleaning Operations): Amendments to Rule 7070 would implement the Airborne Toxic Control Measure (ATCM) for Emissions of Perchloroethylene from Dry Cleaning and Water-Repelling Operations that the California Air Resources Board adopted on January 25, 2007. The District is required to implement the ATCM six months after its approval by the Office of Administrative Law, which occurred in December 2007. Contact: Glenn T. Reed. Status: Public Assistance Workshop was held on April 16, 2008. Governing Board Hearing: May 15, 2008.

SAN JOAQUIN VALLEY UNIFIED AIR POLLUTION CONTROL DISTRICT
SUMMARY OF DRAFT RULES AND PLANS
April 30, 2008

APRIL 2008 (continued)

2008 PM2.5 Plan: The first National Ambient Air Quality Standard (NAAQS) for PM2.5 was set in 1997. The Federal Clean Air Act requires the District to develop a PM2.5 plan for attainment of the NAAQS and submit the plan to EPA by April 2008. Contact: Don Hunsaker. Status: Second Workshops were held on February 25 and 26, 2008.
Governing Board Hearing: April 30, 2008

DATE: May 6, 2008
TO: SJVUAPCD Citizen's Advisory Committee

FROM: Toni J. Taber, Clerk to the Board

RE: **CITIZENS ADVISORY COMMITTEE (CAC)**
RECOMMENDATION TO APPOINT NEW HEARING
BOARD MEMBERS

RECOMMENDATION:

Appoint new Primary and Alternate Members to the Southern Region Hearing Board with terms to run concurrent as current positions.

BACKGROUND:

The terms of the Primary and Alternate Members of the Regional Hearing Boards are for three (3) years. Terms are staggered to maintain continuity of Board functions. By statute, each hearing board is required to have one medical professional, one engineer, one lawyer and two public members.

The terms for the current members are: Medical Members expire on February 28, 2008, Public Members expire on February 28, 2009. and Engineer and Attorney Members expire on February 29, 2010.

The CAC Hearing Board Subcommittee members for the Southern Region were Christine Foster and Les Clark. The CAC Hearing Board Subcommittee members received copies of the applications of applicants (attached) within their respective regions, and they performed personal and phone interviews.

RECOMMENDATIONS:

The recommendations for appointment to the Regional Hearing Boards are as follows:

SOUTHERN REGION HEARING BOARD

John F. Stovall..... *Attorney Member, Alternate Term Expires 2/28/2010*
Jesse D. Frederick . *Public Member, Alternate..... Term expires 2/28/2009*
Frank J. Maccioli *Public Member, Alternate..... Term expires 2/28/2009*

The new members' terms will expire at the same time their group's primary members expire. Their subsequent terms will be three years from that date if reappointed.

Southern Region Hearing Board Applications

Includes:

John Stovall	Interviewed
Donna Carpenter	Interviewed, <i>ineligible until final portion of PE Exam completed</i>
Jesse D. Frederick	Interviewed
Frank J. Maccioli	Interviewed
Arthur Unger	Interviewed
Marvin Dean	Interviewed
Larry D. Moxley	Interviewed

Toni TABER 559-220-6061

San Joaquin Valley

AIR POLLUTION CONTROL DISTRICT

APPLICATION FOR HEARING BOARD

Hearing Boards were established by Health and Safety Code, Chapter 8, Section 40800, and consist of five members—an attorney, a professional engineer, a medical doctor, and two public members.

Hearing Boards are a quasi-judicial body that rules on particular cases that affect only individual facilities. Hearing Boards are authorized to hear requests for variance relief, permit revocations, abatement orders, and appeals by permit applicants, or by interested third parties, concerning the issuance or denial of permits.

Regions: **North** (Merced, San Joaquin, and Stanislaus Counties); **Central** (Fresno, Kings, and Madera Counties); **South** (Kern and Tulare Counties)

Date: August 24, 2007

Applicant Name: John F. Stovall

Telephone: [Redacted]

Business

Residence

Residence Address: [Redacted]

Business Address: [Redacted]

County: Kern Occupation Attorney

Hearing Board Position applying for:

- Attorney (admitted to the practice of law in this state)
- Medical (Medical person whose specialized skills, training, or interests are in the field of environmental medicine, community medicine, or occupational/toxicologic medicine)
- Engineer (a professional engineer registered as such pursuant to the Professional Engineers Act—Chapter 7 commencing with Section 6700—of Division 3 of Business and Professions Code.)
- Public (member of the public)

Applicant Name: John F. Stovall

State briefly your reason for wanting to serve on a San Joaquin Valley Unified Air Pollution Control District (District) Hearing Board:

I am interested in the work of the District, have significant experience in administrative law and the conduct of hearings, and would like to make a contribution to the orderly administration of the law in this area. I feel the District is one of the most important public agencies in the central valley.

State briefly your experiences which you feel will be helpful when you serve on this Hearing Board

I was General Counsel to the Kern County Water Agency for 18 years and advised the board on public hearings during that tenure. Additionally, I have conducted over 100 arbitration hearings in my practice as a lawyer, and participated in many more hearings of various sorts as a lawyer. I am also a member of the Kern County Campaign Finance Hearing Panel.

Other information you would like to submit (a resume may be attached)

A resume is attached.

Summary of background and skills

I was an Investigator for the U.S. Food and Drug Administration for 10 years before becoming an attorney. I have been an attorney for 26 years. I was initially involved in civil litigation for 8 years and became General Counsel to the Kern County Water Agency for 18 years. Since retirement from that Agency I have had a part-time practice and taught classes at California State University Bakerfield.

Applicant Name: John F. Stovall

Professional Experience

See above, and attached resume.

Education

RE: Appointment of Mr. John F. Stovall to the Southern Region Hearing Board

Dear Ms. Taber:

I strongly support the appointment of Mr. John F. Stovall as the Alternate Attorney member to the Southern Region Hearing Board.

Mr. Stovall has expertise not only in the legal sphere, but in the business and educational communities as well. Mr. Stovall's past experiences will enrich the objectives of the San Joaquin Valley Unified Control District Southern Region Hearing Board.

Mr. Stovall served as General Counsel with the Kern County Water Agency for 18 years, and in those 18 years managed the litigation, negotiation, review of transactions, and general counsel for all types of legal matters. Mr. Stovall has also been an Adjunct Professor of Management at California State University Bakersfield since 2005. Mr. Stovall was the Director of the California Organization of Small BAR Associations from 1986 through 1994, as well as President from 1992 to 1993. In addition, Mr. Stovall sat on the Board of Directors of the Kern County BAR Association from 1986 through 1994, and was President of the organization in 1993. He has also been the Chair of the State Water Contractors Legal Committee since 1993.

Mr. Stovall is also a Volunteer Judge Pro Tem for the Kern County Superior Court and served as the Vice President and Treasurer for the State BAR of California from 1996 to 1997. Mr. Stovall has been a member of the Greater Bakersfield Chamber of Commerce since 1990, and was Chair in 1994.

Thank you for considering my recommendation of Mr. Stovall. If I can answer any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jean Fuller".

APPLICATION FOR HEARING BOARD

Hearing Boards were established by Health and Safety Code, Chapter 8, Section 40800, and consist of five members—an attorney, a professional engineer, a medical doctor, and two public members.

Hearing Boards are a quasi-judicial body that rules on particular cases that affect only individual facilities. Hearing Boards are authorized to hear requests for variance relief, permit revocations, abatement orders, and appeals by permit applicants, or by interested third parties, concerning the issuance or denial of permits.

Regions: **North** (Merced, San Joaquin, and Stanislaus Counties); **Central** (Fresno, Kings, and Madera Counties); **South** (Kern and Tulare Counties)

Hearing Board Position applying for:

- Attorney (admitted to the practice of law in this state)
- Medical (Medical person whose specialized skills, training, or interests are in the field of environmental medicine, community medicine, or occupational/toxicologic medicine)
- Engineer (a professional engineer registered as such pursuant to the Professional Engineers Act—Chapter 7 commencing with Section 6700—of Division 3 of Business and Professions Code.)
- Public (member of the public)

PASSED 3 OF 4 SECTIONS (SEE ATTACHED) EIT XE072528

Applicant Name: Donna L. Carpenter

State briefly your reason for wanting to serve on a San Joaquin Valley Unified Air Pollution Control District (District) Hearing Board:

Community service is important to me and I believe that people have a responsibility to be involved. Contributing time to an organization who's goal is to provide cleaner air is the best way I can give to my community.

State briefly your experiences which you feel will be helpful when you serve on this Hearing Board

My experiences include working with air quality consultants for the preparation of EIR's; preparation and processing of Indirect Source Review applications and dust control plans. I completed dust control training on October 17, 2006. I am also part owner of Storm Water Resources an environmental compliance company that prepares and implements storm water pollution prevention plans for construction sites throughout southern California.

Other information you would like to submit (a resume may be attached)

Please see attached biography.

Summary of background and skills

My background is entirely construction industry related emphasizing on planning, civil engineering, surveying and environmental compliance issues. My skills include preparation and processing of; entitlements for residential, commercial and industrial projects; construction documents including street, sewer, water, storm drain and grading plans; boundary and topographic surveys as well as construction staking; erosion control plans, dust control plans and storm water pollution prevention plans.

Applicant Name: Donna L. Carpenter

Professional Experience

Almost thirty years of experience preparing and processing entitlement documents, design and preparation of improvement plans and subdivision maps, surveying, preparation of hydrology reports and hydraulic calculations and agency processing for hundreds of residential, commercial and industrial developments throughout California and fifteen years specializing in the implementation of Storm Water Pollution Prevention Plans.

Education

California State University, Chico & California State University, Northridge

Professional and/or Community Organizations

Legislative Chair for the Home Builders Association of Kern County
National Association of Home Builders
Grassroots Chair for Consulting Engineers and Land Surveyors of California
American Consulting Engineers Council

Personal Interests and Hobbies

Golf, cooking, gardening and camping

This notice will serve to inform you that you failed to appear for one or more sessions of the April 2006 Professional Engineering examination. You did not request or receive approval for postponement to the next examination. Based on Board Rules 428 (c) and 446, you have forfeited your original filing fee and you must reapply.

If you wish to refile for the October 2006 examination, complete the bottom portion of this notice and return the entire page along with a \$275 refile fee payable to the Department of Consumer Affairs, postmarked no later than August 4, 2006. This notice will serve as your REFILE APPLICATION. Documentation for special accommodation must be resubmitted for each exam cycle, refer to the instructions below.

If you do not wish to refile for the next Professional Engineering examination, you can use this page to file for future examination(s) scheduled within 24 months of this notice. Please refer to the Board Web Page at www.dca.ca.gov/pels for examination and final filing dates.

Once the Board processes your application, you will receive an admission notice two to three weeks before the examination date. You will be assigned to the closest available test site based upon your address of record. If you would prefer another test site, you must notify us in writing when you submit your application.

If you observe a religious practice and/or have a disability which might require a special accommodation, complete the form at: http://www.dca.ca.gov/pels/forms/e_specialaccom.pdf. Follow the directions and submit the correct document to the address indicated on the form.

Have you been convicted of a crime substantially related to the practice of engineering since filing your initial application? Yes No

RE: Appointment of Ms. Donna L. Carpenter to the Southern Region Hearing Board

Dear Ms. Taber:

I strongly support the appointment of Ms. Donna L. Carpenter as the Alternate Engineer member to the Southern Region Hearing Board.

With almost thirty years of experience in land development consulting, civil engineering, planning and surveying, she would truly be an asset to the Southern Region Hearing Board.

Since her move to Bakersfield in 2005, Ms. Carpenter has become avidly involved in both the business and philanthropic communities. In both 2006 and 2007, she served as the Legislative Committee Chair and Board Member for the Home Builders Association of Kern County. She is also a current Member and Grassroots Committee Chair for Consulting Engineers and Land Surveyors of California. Additionally from 2000 through 2004, she served as a Mentor and Sponsor for Future Scientist and Engineers of America.

Ms. Carpenter is also a partner and Vice President of Storm Water Resources, LLC, which specializes in the implementation of Storm Water Pollution Prevention Plans.

Thank you for considering my recommendation of Ms. Carpenter. If I can answer any questions, please do not hesitate to contact me.

State briefly your reason for wanting to serve on a San Joaquin Valley Unified Air Pollution Control District (District) Hearing Board:

I am a retired environmental engineer with almost 30 years of experience in the field. I am a resident of Kern County and am very concerned with efforts to improve air quality in this county and the District. I want to use my years of experience, ethics, objectivity, and integrity to ensure that matters brought before the Hearing Board are carefully considered before a decision is made.

State briefly your experiences which you feel will be helpful when you serve on this Hearing Board

I was a permit engineer with the SCAQMD, which included representing it during variance hearings before the SCAQMD Hearing Board. Subsequently, I was an environmental specialist in the energy industry. As such, I prepared and presented numerous variance petitions to the Hearing Boards of the SCAQMD, the VCAPCD, the SBCAPCD, and the SJVAPCD.

Other information you would like to submit (a resume may be attached)

Please see attached resume.

Summary of background and skills

Approximately 30 years of work experience in the environmental field, with primary focus on air pollution control and compliance. My skills include the following: Air Permitting, Environmental Auditing, Regulatory Analysis, Environmental Training, & Microsoft Office Software. I am the co-author of a book on toxic air pollution.

RE: Application for Hearing Board – Southern Region

Enclosed is an application for membership on the Hearing Board for the Southern Region of the SJVAPCD.

I am a retired environmental engineer with almost 30 years experience in the field of air pollution and other environmental matters. I am very interested in serving on the Hearing Board as a Public member to ensure that matters before the Hearing Board are carefully considered before decisions are made.

If you require further information, I can be reached at (661) 588 - 2812 (h) or (661) 342 - 4251 (c).

Very truly yours,

Frank J. Maccioli

Hearing Board Position applying for:

- Attorney (admitted to the practice of law in this state)
- Medical (Medical person whose specialized skills, training, or interests are in the field of environmental medicine, community medicine, or occupational/toxicologic medicine)
- Engineer (a professional engineer registered as such pursuant to the Professional Engineers Act—Chapter 7 commencing with Section 6700—of Division 3 of Business and Professions Code.)
- Public (member of the public)

Applicant Name: Jesse D. Frederick

State briefly your reason for wanting to serve on a San Joaquin Valley Unified Air Pollution Control District (District) Hearing Board:

The San Joaquin Valley air shed encompasses a critical area in the State of California. The valley is home to many residents and provides major economic benefit to the state. Balancing the need to meet SJVAPCD objectives to protect health against economic issues of day-to-day operations (all in the context of the District's regulations) is an important role. This Hearing Board serves the community at-large and I feel that serving at the pleasure of the SJVAPCD board would be an honor.

State briefly your experiences which you feel will be helpful when you serve on this Hearing Board

I served as a Mgr. of Env. Affairs for a Fortune 500 company. I am experienced in matters related to air permitting and operations under air permits; I have edited, published and lectured. I performed studies under CEQA and have a strong working knowledge of the air related issues in the valley. As V.P. of WZI, I am aware of responsible action including community; I served on the board of KEEP (teaching children about the the environment) and as chair of our Chamber Governmental Review Comm.

JESSE D. FREDERICK**EDUCATION/CERTIFICATION:**

B.S., Chemical Engineering, Rose-Hulman Institute of Technology, 1981
State of Texas Registered Professional Engineer
Member of Texas NO_x RACT Advisory Group, 1993
Member - Society of Petroleum Engineers, Energy Engineers Institute
Guest Lecturer, Rose-Hulman Institute of Technology (1993), USC (2001)
Panelist – Valuing NO_x Offsets, Panel Discussion, Sponsored by Air Quality Week, 1993
Patent for: Steam Blow Silencer, Well Abandonment Technology, Anaerobic Digester
Dow Chemical, USA Environmental Management Course
GE Calma Computer Programming Training

SPECIAL CONTRIBUTIONS and RECOGNITIONS:

Recipient: Chevron Presidents Award for development of a new venture Business Plan
Board Member: Kern Environmental Education Program
Board Member: Society of Petroleum Engineers (San Joaquin Valley Chapter)
CoEditor: SPE Environmental Monograph Environmental Engineering for Exploration and Production Activities
Guest Lecturer on Electrical Deregulation
IOGCC, Oil and Gas Exploration and Production Environmental Reporting Requirements
DOE Title V Guidance Manual for E&P industry
API Toxic Release Inventory Report on Exploration and Production
Member: Kern Economic Development Corporation, 1997-1998
Member: Kern County Electrical Restructuring Advisory Committee
Member: Kern County Chamber of Commerce Regulatory Advisory Committee

SPECIAL AREAS OF EXPERTISE:

- Contract assessment and negotiations
- Business Planning including financial pro forma and risk analysis
- Gas and Electricity Price Forecasting and Direct Access, Wholesale and Retail
- Participation in the sale and acquisition of large energy assets for Fortune 500 Companies
- Developed and implemented the audit procedure for cogeneration facilities and oil and gas producing properties for Fortune 500 company.
- Oversaw the environmental aspect of the development process for over thirty projects, through initiation to various stages of development including financial closing.
- Federal, state and local regulations, including FERC, NEPA, SEQRA, CEQA, PSD, NSPS, and NPDES.
- Dutch environmental law including MER and provincial permits.
- Expert testimony in both legal and Public Utility Proceedings regarding: valuation of environmental externalities, environmental dispatch, impact of standard offer contracts on property values, refinery wastewater, waste discharge and property values.
- Collaborated in the preparation of power project proposals. This included design and budgeting coordination for engineering, economic and engineering evaluations of various options.
- Forensic analysis of facility failures and on/offsite consequences

FREDERICK - 2

WZI INC.

PROFESSIONAL EXPERIENCE:

1994 - Present

Vice President - WZI Inc.

Responsible for the technical scoping of large projects which require multi-disciplinary integration. Responsible for technical peer review of on-going projects. In overseeing client regulatory compliance, advises clients regarding approaches to permitting and regulatory guidelines. Directs the planning, development and implementation of policies, programs and procedures in support of contract management. Mr. Frederick provides assistance in identifying business opportunities, expert advice on business planning and provides business development services to numerous clients.

1995 - 1998

President - CONSUMERS Utility Advisors, Inc.

Provided staff leadership in strategic planning and technical negotiations for the electrical power market. Directed corporate activities including business development, goal setting and quality assurance. Mr. Frederick was responsible for business planning and economic models for various clients.

1982 - 1994

Manager of Environmental Affairs, Destec Energy, Inc.

Promoted to Project Development, Mr. Frederick provided analytical support for multi-million dollar projects. The increased need for firm project management in the area of environmentally related issues led to a promotion to the position of Sr. Environmental Engineer. In 1988, Mr. Frederick established the Environmental Affairs department and managed the day-to-day activities of the Environmental Affairs staff and oversaw all environmentally related issues including: property sales and acquisitions, permitting, compliance, and facility/property audits for all Destec facilities including 740,000 acres of oil and gas properties, including superfund sites. Mr. Frederick was a team member for all business acquisitions and financial projects.

1981 - 1982

Associate (Machinery) Engineer M.W. Kellogg

Served in the Mechanical Division (Special Equipment Group) designing and procuring equipment related to refining and water treatment.

RE: Appointment of Mr. Jesse D. Frederick to the Southern Region Hearing Board

Dear Ms. Taber:

I strongly support the appointment of Mr. Jesse D. Frederick as the Alternate Public member to the Southern Region Hearing Board.

Mr. Frederick has over a decade of solid experience dealing with environmental affairs and would bring a unique perspective to the Southern Region Hearing Board.

Mr. Frederick has been involved in numerous different business encounters, and subsequently has had a wide array of experience with environmental issues. Mr. Frederick is a Board Member for Kern Environmental Education Program, as well as a Board Member for the San Joaquin Chapter of the Society of Petroleum Engineers. In addition, Mr. Frederick is a member of the Kern County Chamber of Commerce Regulatory Advisory Committee and the Kern County Electrical Restructuring Advisory Committee.

Mr. Frederick has also served as the Co-Editor of the Society of Petroleum Engineers Environmental Monograph Environmental Engineering for Exploration and Production Activities.

Thank you for considering my recommendation of Mr. Frederick. If I can answer any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jean Fuller".

A Diamond In The Rough—Mario Howington

Reprint from July 17th Issue

Mario Howington, a true product of southeast Bakersfield is an amazing individual and a credit to what one can do with the right drive, talent, a strong belief and faith.

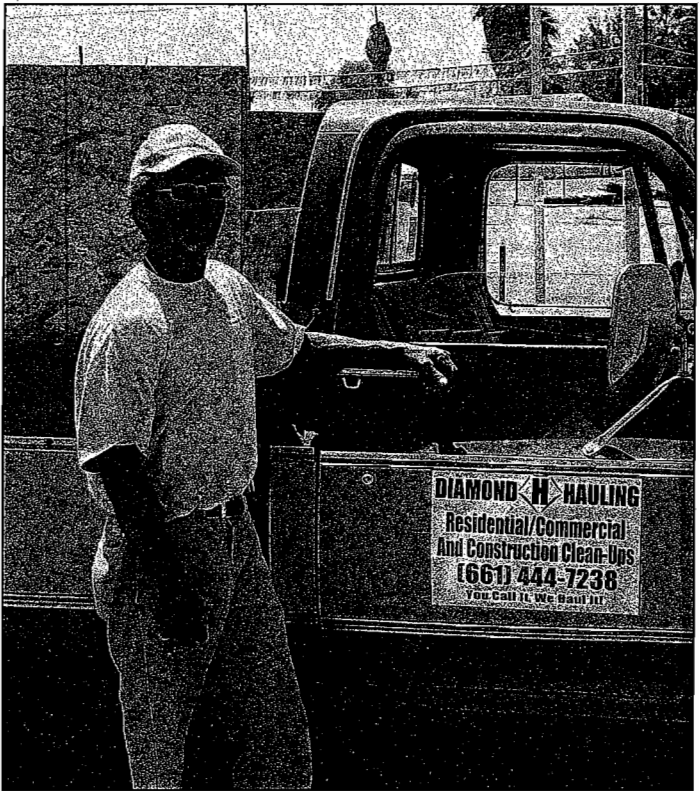

Howington, who has owned and operated his business for the pass six years is a new member of Kern Minority Contractors Association. His business specializes in residential, commercial and construction cleanups large or small he hauls it all.

He talks freely about his past mistakes and future hopes with no holds barred. Howington says he has made the same mistakes as many young men and women today being pressured by their peers, doing the drug scene and then doing what became necessary to feeds the habit. He tells how he spent time in prison and succumb to it's revolving door policy that so many in his circle of associates had fallen victim to.

After years of abusing his body and mind, Howington decided to turn his life around and "not I have faith because am locked up changing" but I believe because I am free changing. And for him, he says its worked. He decided to go back to doing something he knew he was good at, cleaning. He found this vocation suited him and the hard work keep him away from alcohol and drugs.

With a little capital and a few good friends, Howington worked his talents into a small business, cleaning local residential property to worked with local realtors, investors, contractor and builders who hired him for a number of their projects helping him get his business off the ground.

Their acts of trust has made him ready to help others trying to change a negative-negative life style and he says it can be done. With hard work and not hanging out with the wrong people, be they longtime friend, lover are family members. If the relationship is harmful to positive life then you have to be strong enough to discontinue the affiliation.

MARIO HOWINGTON, Owner/Operator of Diamond H Hauling.

Howington hires many young men to try and help make that first positive step, but like his mentors before him a hand up is not a hand out. If you give an honest day's work he's willing to give you an opportunity for an honest day's pay.

Howington also believes that there is much work for Kern Minority Contractors Association to do, starting with more networking among its membership and prime contractors. He says that most small minority business owners are not aware of who the players are nor how to meet them. Older KMCA members who have subcontracted with these primes could do a meet and greet for newer members.

Another role he feels KMCA should address would be those minority craftsmen who have given up their trade because there is no positive influence to uplift them when there are no permanent stable base opportunities for jobs. With so many do it yourself and prefab materials now days, there is little call for their talents which can become very discouraging. He feels that the Minority Construction Bulletin could be used as an inspirational tool for minority businesses.

For your future hauling needs contact Minority Business Enterprise (MBE) owner Mario Howington at 444-7238.

Local Contractor Marvin Dean

Reprint June 26, 2007 Issue

RE: Appointment of Mr. Larry D. Moxley to the Southern Region Hearing Board

Dear Ms. Taber:

I strongly support the appointment of Mr. Larry D. Moxley as the Alternate Public member to the Southern Region Hearing Board.

Mr. Moxley has extensive senior level management experience, including political, regulatory, permitting, and compliance experience. Mr. Moxley's level of experience would, no doubt, contribute to a more well rounded, qualified hearing board.

Mr. Moxley has also been involved with government at all levels, including local, state, regional and federal government. During his involvement with local and state permitting projects, he has accrued a vast array of contacts among local and state lobbyists. In the midst of these experiences, Mr. Moxley has remained ardently involved in his community. He is an active member of the California Manufacturers Association, as well as President of the Lloyd Plank Foundation. He was also Past President in his local Rotary club from 1988-1989, and Past President of the Greater Bakersfield Chamber of Commerce.

Mr. Moxley has also traveled internationally. He was invited by the Lieutenant Governor to become an ambassador of the California Trade Delegation that traveled to the former East Germany, Hungary, the former Czechoslovakia, the former Yugoslavia, and the former Soviet Union. Most recently, Mr. Moxley was a business representative that traveled with a "Sister City" delegation from Bakersfield to Queretaro, Mexico.

Thank you for considering my recommendation of Mr. Moxley. If I can answer any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jean Fuller".
