<u>Docket No.</u>	<u>Type</u>	<u>Company Name</u>
A. C-19-05M	Modification	Fresno-Clovis Regional Wastewater Reclamation Facility 5607 West Jensen Avenue Fresno, CA 93706

Petitioners: Ray Arthur

Mr. Kalashian presented the Staff Report

RWRF has requested a modification of the previously granted short variance from the applicable requirements of District Rules 2070, 2201, and 2520, in addition to conditions of the subject permits. The requested modification would be for a non-consecutive 14 day period to occur sometime between August 1, 2019, and October 28, 2019, inclusive. If granted, the variance would allow RWRF to bypass the scrubbers to conduct the proposed work.

Petitioner Comments: None

Hearing Board Comments: Mr. Mulligan asked if the delay was caused to equipment or installation. Mr. Arthur responded that it was due to construction delays. They were expected to be completed, however, they are currently preparing to replace Odor Control Units (OCU) unit 1 which is expected to be done the first week of September. OCU units 2 and 3 would follow and would likely be done the end of September and beginning of October.

Motion unanimously carried to approve Docket No. C-19-05M

<u>Docket No.</u>	<u>Type</u>	<u>Company Name</u>
B. C-19-12S	Short	Harry Berberian & Sons 10489 S. Smith Ave. Reedley, CA 93654

Petitioners: Casey Berberian, Harry Berberian and Peter Aguayo

Mr. Houlihan presented the Staff Report

BERBERIAN has requested a short variance from the applicable requirements of District Rule 4103. The requested short variance period would occur sometime between September 9, 2019, and December 7, 2019, inclusive. If granted, the variance will allow the burning of 85.5 acres of peach, plum, and nectarine orchard removal material.

Petitioner Comments: None

Hearing Board Comments: Mr. Hartwig asked if staff believed the petitioners would have sufficient time to have the ability to burn. Mr. Houlihan answered that staff has discussed this with the petitioners. Some of the trees have met the drying time, have been inspected and are ready to burn which is why September 9th was chosen as the start date. Should there be any trees that they could not burn in this variance period, they will then have to wait until next spring and apply for a new variance.
