10. The Southern Region Hearing Board heard the following emergency variances:

A. S-20-13E APTCO LLC

On April 28, 2020, Hearing Board Chair, William L. Bland, acting for and on behalf of the Southern Region Hearing Board, denied an emergency variance. The variance petition was to allow for the postponement of the annual compliance source test. The Hearing Board found that Finding #2 could not be made as APTCO did not take reasonable measures to schedule the test. APTCO only contacted one source test contractor, who could not conduct the test by the required due date, and did not attempt to contact any other contractors.

B. S-20-16E Chevron U.S.A. Inc.

On May 28, 2020, Hearing Board Chair, William L. Bland, acting for and on behalf of the Southern Region Hearing Board, approved an emergency variance from May 28, 2020, through June 27, 2020. Said variance provided relief from specific requirements of District Rules 2070, 2201, 2520, and 4623, and allowed for continued storage of VOC containing liquids in the subject storage tanks without a functional and operational vapor recovery system (VRS) while the VRS is inspected and repaired to prevent the VRS compressor from going down due to high discharge pressure.

11. Next Scheduled Meeting: July 8, 2020
