<u>Docket No.</u>	<u>Type</u>	<u>Company Name</u>
A. C-22-10S	Short	Chevron USA Station 2-22 26251 Highway 33 Fellows, CA 93224

Petitioners: Guillermo (Gordy) Guillen

Mr. Kalashian presented the Staff Report.

CHEVRON has requested a short variance from the applicable requirements of District Rules 2010, 2070, 2201, 2520, 4401, and 4623, in addition to applicable conditions of the subject permits. The requested variance period would be for a non-consecutive 24 hour period to occur sometime between June 8, 2022, and July 31, 2022, inclusive. If granted, the variance would allow CHEVRON to continue to store VOC containing liquids in the subject tanks without an operating or functional VRS while CHEVRON conducts the proposed work. In addition, it will allow wells with closed casing gas vents to produce into tanks that do not have a functional or operating VRS.

Mr. Kalashian asked Petitioner Guillen for clarification on the date range for the variance. Guillen clarified that Chevron sent an email to the District requesting a new date range of June 20, 2022 to July 19, 2022.
