

## San Joaquin Valley Air Pollution Control District

# CONSERVATION MANAGEMENT PRACTICES PLAN APPLICATION

### General Information

A Conservation Management Practices (CMP) plan is a requirement for all agricultural operation sites as specified in Section 5.0 of District Rule 4550. The goal of this CMP plan is to reduce sources of PM<sub>10</sub> emissions from agricultural operations.

Does the Property have any non-permitted Engine(s) greater than or equal to 50 HP? No  Yes
