1. Describe the type of business conducted at your facility.

2. Describe in detail the equipment or activity that is the subject of this petition, what the equipment is used for, and why it is necessary to the operation of your facility. Include all pertinent information necessary to describe the activity including: fuels burned, raw materials processed, product produced, true vapor pressure of all volatile organic compounds, site diagrams, material flow charts, fuel systems, and diagrams of air pollution control systems if necessary. Provide photos as well.

3. List all the District Permits to Operate and/or Authorities to Construct and the corresponding permit conditions for which you are requesting variance protection and **explain** how you are violating, or will violate the condition(s). Please list the current version(s).

4. List all District Rule numbers, including subsections, for which you are requesting variance protection and **explain** how you are violating or will violate the rule(s).

5. Why is it beyond your reasonable control to comply with the rule(s) and/or permit condition(s)?

6. What would be the harm to your business if the variance were not granted? Include business closure, economic losses in dollar amounts, breach of contracts, hardships on customers, employee lay-offs, loss of market share to competitors, etc.

7. What date, and under what circumstances, did your facility first become aware that it would **not** be in compliance?

8. What actions have you taken since that time to achieve compliance?

9. Explain what options have been evaluated towards curtailment or termination of operations in lieu of obtaining a variance.

--

10. Estimate the excess emissions in total pounds over the duration of the variance period. *Estimate the maximum amount of excess emissions that will occur.*

Pollutant	Pollutant Limit	Actual Emissions		Total Estimated Excess Emissions
VOC			<i>Excess emissions are those that are in excess of the rules or permit conditions or otherwise lawfully allowed</i>	
NO <sub>x</sub>				
CO				
SO <sub>x</sub>				
PM <sub>10</sub>				
PM <sub>2.5</sub>				

Highest Opacity level anticipated: \_\_\_\_\_ %

11. Show all calculations and provide references for emission factors used in estimating excess emissions.

--

12. Explain how you can reduce or mitigate excess emissions during the variance period. (such as shutting equipment down or reducing production to offset excess emissions)

13. If there are excessive hazardous or toxic emissions, attach a health risk assessment and receptor modeling data.

14. Can you monitor or quantify emission levels from the subject equipment or activity during the variance period and make such records available to the District? Source tests, engineering tests, or portable emission analyzers can be utilized.  
Yes:  No:  Provide an explanation of your response.

15. How do you intend to achieve compliance with the rules or permit conditions? Include a detailed description of any equipment to be installed and/or modifications to be made, a listing of the dates by which the actions will be completed, and an estimate of the total cost, if available.

16. State the dates you are requesting the variance to begin and end (the end date should be the date you expect to achieve compliance with the rules, regulations, and permit conditions). Please overestimate the time needed to allow for any contingencies.

Begin variance: \_\_\_\_\_ End variance: \_\_\_\_\_

17. Please state if you need special time designations. For example: “*We need 15 non-consecutive days between such and such date.*”

18. If a variance, or series of variances, is to extend beyond one year, you must attach a Schedule of Increments of Progress pursuant to Rule 5050 –*Compliance Schedule* which must specify certain dates or milestones to be met in achieving compliance.

19. List the names of any District personnel who are familiar with the facility (inspectors, permit engineers, etc.) or with whom facility representatives have had contact concerning this variance petition, or any related NOV or NTC.

Based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete:
