

Appendix G. Comments Received and District Response

Response to Comments Received for the Kern Front Oil Field Steam Generator Project Project No. S-1123499

The San Joaquin Valley Air Pollution Control District (District) provided a Notice of Intent to adopt a Mitigated Negative Declaration for the installation and operation of twelve (12) natural gas-fired 85.0 MMBtu/hr steam generators within Vintage Production Company's Heavy Oil Central Stationary Source in the Kern Front Oil Field, Kern County, California. The Initial Study and Draft Mitigated Negative Declaration were available for public review from February 7, 2013 to March 13, 2013.

The District did not receive any written or verbal comments regarding the proposed Initial Study and Mitigated Negative Declaration.
