

San Joaquin Valley Air Pollution Control District

NOTICE OF PREPARATION

TO: Interested Agencies

FROM: San Joaquin Valley Unified Air Pollution Control District
1990 E. Gettysburg Avenue
Fresno CA 937260244

CONTACT: Hector R. Guerra **PHONE NO.:** (559) 230-5820

PROJECT TITLE: Extreme Ozone Attainment Demonstration Plan

DATE: June 30, 2004

The San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) will be the Lead Agency and has prepared an Initial Study (attached) that will be used to prepare an environmental impact report for the above-named project. The purpose of an Initial Study is to determine if a project may have a significant effect on the environment. Your response to this notice will help the SJVUAPCD to gather information about the potential effects of the proposed project, and to determine whether there is substantial evidence that any aspect of the project may cause significant effects on the environment not identified in the Initial Study.

The project description, location, and the potential environmental effects are contained in the attached Initial Study.

We need to know the views of your agency regarding the potential environmental effects of the proposed project. Please limit your comments to areas that are germane to your agency's statutory responsibilities in connection with the proposed project. Please provide documentation to substantiate your comments and the name of a contact person in your agency.

If you would like a copy of the draft environmental impact report for this project, please so indicate in your response.

Please provide your response at the earliest possible date, but not later than July 31, 2004. Please address your comments to Ms. Debbie Bright Stevens at:

Debbie Bright Stevens
